PROFESSIONAL EXPERIENCE — 3.5+ YEARS

Trust & Safety Agent — Accenture, Dublin, Ireland Jul 2026 – Present

- Review and action user-generated content and account reports against a large-scale online platform's community standards and policies.
- Investigate escalated abuse cases including harassment, hate speech, scams, inauthentic behaviour, and graphic content.
- Document content enforcement decisions, ensuring adherence to quality, calibration, accuracy, and productivity targets.
- Identify and flag emerging abuse trends to inform policy updates and proactive risk mitigation strategies.

Software Engineer — HCL Technologies, Chennai, India Sep 2021 – Jan 2025

- Developed Java Spring Boot applications, building REST APIs for data integration and feature enhancement.
- Wrote Python scripts to automate data pipelines, support ETL processes, and generate scheduled reports.
- Executed SQL queries for data validation, schema modifications, and ad-hoc analysis on PostgreSQL and MySQL.
- Managed production support for enterprise applications, responding to P1/P2 incidents and adhering to strict SLAs.
- Monitored application health and performance using Splunk and CloudWatch, analyzing logs for anomalies.
- Handled SLA management and incident response for a financial-services client's payments operations dashboard.
- Collaborated with operations and business analysts to resolve production issues and support system changes.

SKILLS

Supply Chain & Logistics – supply chain, warehousing, inventory management, material positioning, availability, vendor management, transport, Air/Sea logistics.

Operations & Process Improvement – process improvement, operational excellence, data driven metrics, Lean principles, DMAIC methodology, continuous process improvements.

Data Analysis & Reporting – Data Analysis, Reporting, complex business analysis, Excel, Power BI, Tableau, DAX, data modelling.
