PROFESSIONAL EXPERIENCE — 3.5+ YEARS

Trust & Safety Agent — Accenture, Dublin, Ireland Jul 2026 – Present

- Review and action user-generated content and account reports against **community standards** and policies for a large-scale online platform.
- Investigate escalated abuse cases including harassment, hate speech, scams, and inauthentic behaviour, documenting enforcement decisions.
- Identify and flag emerging abuse trends through content review and analysis, informing policy updates.
- Consistently meet quality audit, calibration, accuracy, and productivity targets for content moderation operations.

Software Engineer — HCL Technologies, Chennai, India Sep 2021 – Jan 2025

- Developed Java Spring Boot applications, implementing REST APIs to support data validation and rule-based processing.
- Wrote Python scripts for data pipelines and scheduled reporting, ensuring data integrity for operational dashboards.
- Managed SQL databases (PostgreSQL, MySQL) for data validation and schema changes, supporting audit trail requirements.
- Monitored enterprise applications using Splunk and CloudWatch, responding to P1/P2 incidents under strict SLAs.
- Managed production support for a financial-services client’s payments operations dashboard, tracking transaction flows.
- Responded to operational alerting for failed or stuck payment messages, performing initial triage and incident documentation.
- Collaborated with operations teams and business analysts on requirements, UAT, and post-implementation triage for system changes.
