PROFESSIONAL EXPERIENCE — 3.5+ YEARS

Trust & Safety Agent — Accenture, Dublin, Ireland

Jul 2026 – Present

- Review and action user-generated content against a large-scale online platform's community standards and policies.
- Investigate escalated abuse cases including harassment, hate speech, and scams, documenting enforcement decisions.
- Identify and flag emerging abuse trends to inform policy updates and proactive interventions.
- Meet stringent quality-audit, calibration, accuracy, and productivity targets for content review.

Software Engineer — HCL Technologies, Chennai, India

Sep 2021 – Jan 2025

- Developed Java Spring Boot features and REST APIs, ensuring rule-based validation for financial transactions.
- Wrote Python scripts for data pipelines and scheduled reporting, supporting data integrity for operational dashboards.
- Managed SQL databases (PostgreSQL, MySQL) for ad-hoc queries and data validation, aiding in transaction flow analysis.
- Responded to P1/P2 incidents for financial-services client applications, managing adherence to strict SLAs.
- Monitored transaction flows and operational alerting for failed payment messages using Splunk and CloudWatch.
- Documented incident response procedures and runbooks for production support, ensuring consistent handling.
- Collaborated with operations and business analysts on requirements, UAT, and post-implementation triage for system integrations.
