PROFESSIONAL EXPERIENCE — 3.5+ YEARS

Trust & Safety Agent — Accenture, Dublin, Ireland Jul 2026 – Present

- Review and action user-generated content and account reports against a large-scale online platform's **community standards** and policies.
- Investigate escalated abuse cases including harassment, hate speech, scams, inauthentic behaviour, and graphic content.
- Document enforcement decisions, ensuring accuracy and adherence to policy guidelines for **policy enforcement**.
- Identify and flag emerging abuse trends to inform proactive risk mitigation strategies and policy updates.

Software Engineer — HCL Technologies, Chennai, India Sep 2021 – Jan 2025

- Developed Java Spring Boot features and REST APIs, contributing to systems with auditable transaction flows.
- Implemented Python scripts for data pipelines, supporting data validation and anomaly detection in financial operations.
- Managed SQL databases (PostgreSQL, MySQL) for data integrity checks and ad-hoc querying during incident investigations.
- Respond to P1/P2 incidents for enterprise applications, managing strict SLAs and ensuring timely resolution.
- Monitor production systems using Splunk and CloudWatch, analyzing logs for potential issues and performance anomalies.
- Document and triage production issues, creating ServiceNow tickets and collaborating with cross-functional teams for resolution.
- Support financial services client dashboards, monitoring transaction flows and operational alerting for failed payments.
