PROFESSIONAL EXPERIENCE — 3.5+ YEARS

Trust & Safety Agent — Accenture, Dublin, Ireland

Jul 2026 – Present

- Review and action user-generated content and account reports against a large-scale online platform's **community standards and policies**.
- Investigate escalated abuse cases including harassment, hate speech, scams, and inauthentic behaviour, documenting enforcement decisions.
- Identify and flag emerging abuse trends through meticulous **content review** and analysis of user reports.
- Achieve and maintain high performance in **quality-audit**, calibration, accuracy, and productivity targets.

Software Engineer — HCL Technologies, Chennai, India

Sep 2021 – Jan 2025

- Developed Java Spring Boot applications, implementing REST APIs for system integrations and feature enhancements.
- Wrote Python scripts to automate data pipelines, ETL processes, and generate scheduled reports for operational insights.
- Executed SQL queries for data validation, ad-hoc analysis, and schema modifications supporting application development.
- Managed production support and monitoring for enterprise applications using Splunk and CloudWatch, ensuring SLA adherence.
- Responded to P1/P2 incidents, performing root cause analysis and implementing corrective actions for critical issues.
- Documented operational procedures and maintained runbooks for consistent **incident response** and system stability.
- Collaborated with cross-functional teams and business analysts on requirements gathering and post-implementation triage.
