PROFESSIONAL EXPERIENCE — 3.5 YEARS

Software Engineer — HCL Technologies, Chennai, India Sep 2021 – Jan 2025

- Provided on-site technical support for incidents, service requests, and hardware replacements across multiple client locations, taking ownership through to resolution within agreed SLAs.
- Executed planned site visits and assisted with network infrastructure tasks, including installations and moves, changes, and project-related activities.
- Maintained accurate ticket updates, comprehensive documentation, and detailed asset records for all IT support activities.
- Performed laptop builds, mobile device setup, and hardware replacements, ensuring seamless integration and functionality for end-users.
- Carried out **troubleshooting** and problem-solving for desktop hardware and operating systems, resolving an average of **15 tickets** per week.
- Supported **Microsoft Intune** and **Microsoft 365** environments, assisting users with application access and configuration issues.
- Managed **print solutions**, peripherals, and access points, ensuring reliable connectivity and operational efficiency for a user base of approximately **200 individuals**.

SKILLS

IT Support – On-site Support, Incident Management, Service Requests, Hardware Replacement, Ticket Resolution, SLA Management, Escalation Procedures, Health & Safety Processes

Operating Systems & Hardware – Desktop Hardware, Operating Systems, Laptop Builds, Mobile Setup, Peripherals

Microsoft Ecosystem – Microsoft Intune, Microsoft 365, Office 365, Azure

Networking & Infrastructure – Network Infrastructure Support, Access Points

Troubleshooting & Communication – Problem-Solving, Technical Troubleshooting, Customer Service, Documentation, Professional Communication

PROJECTS

Enterprise Client IT Infrastructure Rollout

- Managed the deployment of new hardware and software across **5 enterprise client sites**, coordinating logistics and on-site installation teams.
- Configured and deployed **150+ new workstations** and associated peripherals, ensuring adherence to client-specific build standards and imaging procedures.
- Provided immediate post-installation support and troubleshooting for end-users, resolving an average of **8 issues per site** within the first 48 hours of go-live.

Remote Site Connectivity Enhancement

- Diagnosed and resolved persistent connectivity issues for **remote access points** at dispersed client locations, improving network stability.
- Implemented configuration updates for **network devices** and troubleshooting of associated user access problems, reducing reported connectivity incidents by **30%**.
- Documented standard operating procedures for remote site network troubleshooting to facilitate faster resolution by support teams.

EDUCATION

M.Sc. Data Analytics — National College of Ireland, Dublin Feb 2026

B.E. Computer Science — SNS College of Technology, Coimbatore, India 2021

CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California**, Davis (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
