PROFESSIONAL EXPERIENCE — 3.5 YEARS

Software Engineer — HCL Technologies, Chennai, India Sep 2021 – Jan 2025

- Administered and maintained **Salesforce CPQ** and **Sales Cloud** for enterprise clients, focusing on product configuration and pricing accuracy.
- Configured and managed **products**, **price books**, and **product bundles**, including complex **product rules** and **price rules** to streamline quoting processes.
- Developed and maintained **Salesforce Flows** to automate business processes, reducing manual intervention in quote generation by approximately **30%**.
- Managed **Salesforce reports and dashboards** to monitor key sales metrics and provide actionable insights to business stakeholders.
- Ensured data integrity within Salesforce by implementing and enforcing appropriate **security controls** and **access management** protocols.
- Troubleshot and resolved **Salesforce CPQ production issues**, collaborating with business users to identify root causes and implement effective solutions.
- Supported **Salesforce deployments**, releases, and change management processes, ensuring smooth transitions and minimal disruption to operations.

SKILLS

Salesforce Administration – Salesforce Administration, Salesforce CPQ, Sales Cloud, Salesforce Flows, Reports and Dashboards, Security Controls

CPQ Configuration – Products, Price Books, Product Bundles, Product Rules, Price Rules, Discount Schedules, Subscription Products, Contracted Pricing, Quote Templates, Amendments, Renewals, Approval Processes

Automation & Integration – Salesforce Flow, Process Automation

Data & Operations – Data Integrity, Production Issues, Change Management, Deployment, Release Management

Soft Skills – Stakeholder Management, Communication Skills, Analytical Skills, Problem-Solving

PROJECTS

Salesforce CPQ Implementation for Enterprise Sales

- Configured and deployed a comprehensive **Salesforce CPQ** solution for a financial services client, integrating product catalog, pricing, and discounting logic.
- Developed custom **quote templates** and automated approval processes using **Salesforce Flow**, accelerating the quote-to-order cycle by an estimated **20%**.
- Provided post-implementation support and user training, addressing inquiries and ensuring smooth adoption of the new CPQ system for the sales team.

Sales Cloud Optimization and Reporting Enhancement

- Enhanced **Sales Cloud** functionality by refining opportunity stages and configuring custom fields to better align with business objectives.
- Built a suite of **Salesforce reports and dashboards** to provide visibility into sales pipeline, forecast accuracy, and team performance, utilized by **15+ sales stakeholders**.
- Implemented data validation rules and security settings to maintain data integrity and restrict access to sensitive customer information.
