PROFESSIONAL EXPERIENCE — 3.5+ YEARS

Trust & Safety Agent — Accenture, Dublin, Ireland Jul 2026 – Present

- Review and action user-generated content and account reports against a large-scale online platform's **community standards and policies**.
- Investigate escalated abuse cases including harassment, hate speech, scams, and graphic content, documenting enforcement decisions.
- Identify and flag emerging abuse trends to inform proactive risk mitigation strategies.
- Consistently meet quality audit, calibration, accuracy, and productivity targets for content review and decision-making.

Software Engineer — HCL Technologies, Chennai, India Sep 2021 – Jan 2025

- Developed Java Spring Boot applications, implementing REST APIs and business logic for rule-based validation.
- Wrote Python scripts to automate data pipelines and generate scheduled reports, supporting data analysis for operational insights.
- Managed SQL databases (PostgreSQL, MySQL) for data validation and schema changes, ensuring data integrity for reporting.
- Responded to P1/P2 incidents for enterprise applications, managing SLA adherence and performing root cause analysis.
- Monitored production systems using Splunk and CloudWatch, identifying anomalies and potential risks to service availability.
- Documented operational procedures and runbooks, supporting efficient incident triage and **escalations**.
- Collaborated with cross-functional teams and business analysts on requirements and post-implementation support for system changes.

SKILLS

Policy Enforcement – Community standards, policy guidelines, content review, account actions.
