# HARIRAMAKRRISHNAN RAMACHANDRAN

+353 89 970 6156 • hariramakrrish@gmail.com • Dublin, Ireland • **Stamp 1G — Full-Time Work Eligible**

## PROFESSIONAL EXPERIENCE — 3.5 YEARS

**Software Engineer — HCL Technologies, Chennai, India** Sep 2021 – Jan 2025

- Managed end-to-end cabling project delivery for a global network expansion, tracking project milestones and managing cabling vendors to ensure quality standards were met across deliverables.
- Held external vendors accountable to Service Level Agreements (SLAs), identifying risks early and driving resolution to maintain capacity delivery schedules for next-generation networks.
- Collaborated with internal customers and external vendors to facilitate smooth project execution and capacity management across multiple data center locations.
- Troubleshot network connectivity issues, including patch panels and patch cords, by analyzing cabling infrastructure and testing equipment.
- Assisted with hardware racking and stacking for new equipment, ensuring proper Power and Cooling requirements were specified and met.
- Participated in the migration, basic configuration, and rollout of new or upgraded network hardware across enterprise-class networks.
- Managed work and priorities through a ticketing system, collaborating with various stakeholders to remove project obstacles and ensure timely completion.

## SKILLS

**Networking** – Cabling infrastructure, Network device configuration, Routing, Interconnectivity, Hardware Racking/Stacking

**Project Management** – Vendor Management, SLA Management, Risk Identification, Project Milestones, Capacity Management

**Troubleshooting** – Cabling infrastructure connectivity issues, Network device troubleshooting, Patch panel analysis, Patch cord testing

**Tools** – Ticketing System, Testing Equipment, Linux Shell Scripting

**Cloud** – AWS Infrastructure Services, Data Center Operations

## PROJECTS

### Global Network Infrastructure Cabling Deployment

- Oversaw the deployment of fiber optic and copper cabling infrastructure across multiple enterprise data center locations, ensuring adherence to industry standards and project timelines.
- Managed relationships with multiple cabling vendors, conducting regular site audits and performance reviews to ensure quality and timely delivery of network infrastructure components.
- Documented cabling layouts, port mappings, and testing results, providing comprehensive handover packages for network operations teams.

### Data Center Network Hardware Rollout

- Coordinated the installation and basic configuration of new network hardware, including servers and switches, within existing data center environments.
- Collaborated with site operations and hardware teams to ensure proper power, cooling, and physical installation requirements were met for all new equipment.
- Validated initial connectivity and basic device configurations post-installation, escalating any anomalies to senior network engineers for deeper analysis.

## EDUCATION

**M.Sc. Data Analytics — National College of Ireland, Dublin** Feb 2026

**B.E. Computer Science — SNS College of Technology, Coimbatore, India** 2021

## CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California**, Davis (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
