PROFESSIONAL EXPERIENCE — 3.5 YEARS

Software Engineer — HCL Technologies, Chennai, India Sep 2021 – Jan 2025

- Managed the end-to-end lifecycle for global code campaign programs with **external partners**, ensuring timely delivery and adherence to campaign objectives.
- Supported **Partner Operations Programme Managers** with onboarding tasks for channel integration platform partners, facilitating smooth integration and setup.
- Provided **post-launch care** for external partners across various integrations, addressing issues and ensuring continued operational success.
- Transitioned **manual processes** to automated and scalable solutions, improving efficiency and reducing operational overhead by approximately **15%**.
- Developed and delivered **insights to the business** through reporting and presentations, translating complex data into actionable recommendations for strategy refinement.
- Gained an in-depth understanding of **back-end systems** to proactively identify and mitigate potential issues, ensuring system stability and performance.
- Containerized applications using **Docker** and deployed to cloud environments, managing infrastructure configurations for scalable and reliable service delivery.

SKILLS

Partner Management – Lifecycle Management, Onboarding, Post-Launch Support, Operational Requests, Reporting, Presentations.

Technical Skills – Docker, Cloud Environments, Back-end Systems Analysis, Process Automation, Data Insights.

Software & Tools – Jira, Confluence, Git, Jenkins, AWS (EC2, S3, Lambda, CloudWatch), Linux.

Programming Languages – Java, Spring Boot, Python, SQL.

Data Analysis & BI – Power BI, Tableau, DAX, Power Query, Data Modelling.

PROJECTS

Global Partner Integration Platform

- Managed the integration lifecycle for **external partners** onto a new platform, coordinating with internal teams and partner technical resources.
- Developed automated reporting dashboards in **Power BI** to track partner onboarding progress and operational health, providing key insights to management.
- Documented integration processes and best practices, creating guides that reduced onboarding time for new partners by an average of **20%**.

Automated Campaign Code Generation Service

- Engineered a **Python**-based service to automate the generation and distribution of campaign codes for promotional activities.
- Integrated the service with existing partner portals via **REST APIs**, enabling self-service code requests and reducing manual intervention.
- Implemented robust logging and error handling, ensuring reliable operation and providing detailed audit trails for campaign code issuance.

EDUCATION

M.Sc. Data Analytics — National College of Ireland, Dublin Feb 2026

B.E. Computer Science — SNS College of Technology, Coimbatore, India 2021

CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California**, Davis (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
