HARIRAMAKRRISHNAN RAMACHANDRAN

+353 89 970 6156 • hariramakrrish@gmail.com • Dublin, Ireland • **Stamp 1G — Full-Time Work Eligible**

PROFESSIONAL EXPERIENCE — 3.5 YEARS

Software Engineer — HCL Technologies, Chennai, India Sep 2021 – Jan 2025

- Managed and resolved **technical tickets** to meet client KPIs and service-level agreements, focusing on incident response and root cause analysis for critical systems.
- Installed and maintained **optical infrastructure**, including servers and networking equipment, ensuring precise patching and certification for optimal system performance.
- Monitored system performance across **electrical, cooling, and fire systems**, responding promptly to faults or outages with documented procedures.
- Operated and isolated **electrical and cooling systems** under authorised capacity, ensuring environmental stability within the data center.
- Delivered detailed **condition assessments, incident reports, and maintenance logs** with precision, ensuring compliance with client standards and health & safety protocols.
- Maintained **infrastructure mapping** updates and comprehensive documentation, ensuring accurate representation of the data center environment.
- Supported **capacity planning** and daily operations in tandem with engineers and IT teams, ensuring seamless service delivery during shift transitions.

SKILLS

Data Center Operations – Technical Tickets, KPIs, SLAs, Incident Response, Root Cause Analysis, Condition Assessments, Maintenance Logs, Capacity Planning, Infrastructure Mapping, Health & Safety Compliance

Infrastructure Installation – Optical Infrastructure, Servers, Networking Equipment, Fibre Patching, Fibre Testing, Certification

Systems Monitoring – System Performance Monitoring, Fault Response, Outage Management, Electrical Systems, Cooling Systems, Fire Systems, Sprinkler Systems

Documentation & Reporting – Incident Reports, Maintenance Logs, Infrastructure Mapping, Client Procedures, External Contractor Management

IT Tools – Microsoft Word, Microsoft Excel, Microsoft Outlook

PROJECTS

Data Center Operations Enhancement Project

- Developed a streamlined process for documenting and tracking **incident reports** and maintenance logs, reducing average report generation time by **15%**.
- Implemented an updated **infrastructure mapping** system using Visio and Confluence, improving clarity on server and network configurations for the operations team.
- Collaborated with senior engineers to support **capacity planning** initiatives, analyzing historical performance data to forecast resource needs for the next quarter.

Data Center Infrastructure Upgrade Initiative

- Executed the installation and certification of **new server hardware** and **optical fibre patching** across multiple racks, adhering strictly to client specifications.
- Contributed to the monitoring of **electrical and cooling systems**, identifying and escalating potential anomalies to the facilities management team, ensuring uptime.
- Assisted in the assessment of **system performance** for critical data center components, providing data for potential upgrade recommendations.

EDUCATION

M.Sc. Data Analytics — National College of Ireland, Dublin Feb 2026

B.E. Computer Science — SNS College of Technology, Coimbatore, India 2021

CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California**, Davis (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
