PROFESSIONAL EXPERIENCE — 3.5 YEARS

Software Engineer — HCL Technologies, Chennai, India Sep 2021 – Jan 2025

- Prepared monthly management accounts, including P&L;, balance sheet, and cash flow statements, ensuring timely closure for financial reporting.
- Developed management dashboards and key performance indicators (KPIs) using **Zoho Analytics**, providing actionable insights to senior management and the Board.
- Analyzed actual financial performance against budget and prior periods, clearly explaining variances to department heads and supporting operational decision-making.
- Supported the Financial Controller in annual budgeting and maintaining rolling forecasts for revenue, margins, and cash flow, monitoring performance against departmental plans.
- Managed and reconciled inventory records to the general ledger in collaboration with the Stores team, investigating and resolving material differences to maintain data integrity.
- Partnered with project managers to ensure accurate cost allocation and reviewed labour, material, and subcontractor costs against budgets, identifying potential cost overruns at an early stage.
- Implemented enhancements to **Zoho Books** and **Zoho CRM** workflows, identifying opportunities to automate transactional processes and streamline financial reporting.

SKILLS

Accounting – Management Reporting, Financial Accounting, Project Costing, Budgeting, Forecasting, Variance Analysis, Month-End Close, Accruals, Prepayments, Journals, Balance Sheet Reconciliations, Intercompany Eliminations, Fixed Asset Register, Lease Schedules, VAT Returns, Statutory Filings, Audit Preparation

Finance Tools – Zoho Books, Zoho CRM, Zoho Analytics, Microsoft Excel, Financial Modelling

Project Management – Work in Progress (WIP) Monitoring, Accrued Income, Deferred Income, Project Completion Estimates, Cost Allocation, Stakeholder Management

Data Analysis & BI – Data Interpretation, Trend Analysis, Risk Identification, KPI Development, Dashboarding, Business Partnering

Process Improvement – Automation, Streamlining Processes, Standard Operating Procedures (SOPs), AI-enabled Tools Adoption

PROJECTS

Financial Control Enhancement for Renewable Energy Projects

- Developed and implemented enhanced balance-sheet reconciliation procedures for grant-related receipts and liabilities, ensuring accurate reporting of restricted and unrestricted funds.
- Created detailed project cost tracking reports in Excel, analysing labour, material, and subcontractor expenses against project budgets to identify and report on cost overruns.
- Collaborated with project managers to refine the review process for work-in-progress, accrued income, and project completion estimates, ensuring timely adjustments in monthly accounts.

Automated Management Reporting Dashboard

- Designed and built interactive management dashboards using **Zoho Analytics**, integrating data from various financial systems to provide a consolidated view of P&L;, cash flow, and project margins.
- Automated the generation of monthly variance analysis reports by linking Excel financial models to the dashboard, reducing manual data compilation time by approximately 30%.
- Provided training and support to operational teams on utilizing the new dashboards for performance monitoring and ad-hoc analysis, fostering a data-informed decision-making culture.

EDUCATION

M.Sc. Data Analytics — National College of Ireland, Dublin Feb 2026

B.E. Computer Science — SNS College of Technology, Coimbatore, India 2021

CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California**, Davis (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
