PROFESSIONAL EXPERIENCE — 3.5 YEARS

Software Engineer — HCL Technologies, Chennai, India Sep 2021 – Jan 2025

- Executed daily operational tasks for enterprise systems, ensuring business continuity and service delivery across multiple platforms.
- Monitored operational workflows and identified bottlenecks, coordinating corrective actions to improve process efficiency by **15%**.
- Collected, analyzed, and interpreted operational data to prepare regular **performance reports** and **KPI scorecards** for management.
- Supported **operational projects**, including system implementations and organizational initiatives, tracking milestones and deliverables.
- Assisted with **change management activities** and user adoption efforts for new system rollouts, coordinating testing and process documentation.
- Managed stakeholder communications and coordinated activities across internal departments to ensure alignment with business objectives, resolving ~8 critical cross-functional issues per quarter.
- Compiled detailed **error reports** from **Splunk** and **Dynatrace**, facilitating root cause analysis for P1 and P2 incidents within strict SLA timelines.

SKILLS

Operations Management – Operational Management, Workflow Monitoring, Process Improvement, Business Continuity, Service Delivery, Compliance

Data Analysis & Reporting – Data Analysis, Performance Metrics, KPI Scorecards, Trend Identification, Risk Assessment, Reporting

Project Coordination – Project Support, System Implementation, Change Management, User Adoption, Process Documentation, UAT Coordination

Tools & Technologies – Microsoft Excel, Power BI, Microsoft Office Suite, ERP Systems, CRM Systems, Operational Management Systems

Core Competencies – Analytical Skills, Problem-Solving, Communication Skills, Stakeholder Management, Logistics, Supply Chain

PROJECTS

Operational Workflow Optimization Initiative

- Analyzed and mapped existing operational workflows for a core enterprise system, identifying key areas for efficiency gains.
- Developed and implemented process improvements using data analysis from **Splunk** logs and system performance metrics, reducing process cycle time by **18%**.
- Created interactive **Power BI dashboards** to visualize workflow performance and track key operational metrics, enabling proactive issue identification for business stakeholders.

Enterprise Systems Integration Support

- Supported the integration of new modules into an existing **ERP system**, coordinating UAT cycles with business analysts and end-users.
- Developed **Python scripts** to automate data validation and migration tasks between disparate systems, ensuring data integrity across integrations.
- Documented integration procedures and provided post-go-live support, resolving over **50** reported issues within the first two months.

EDUCATION

M.Sc. Data Analytics — National College of Ireland, Dublin Feb 2026

B.E. Computer Science — SNS College of Technology, Coimbatore, India 2021

CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California**, Davis (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
