HARIRAMAKRRISHNAN RAMACHANDRAN

+353 89 970 6156 • hariramakrrish@gmail.com • Dublin, Ireland • **Stamp 1G — Full-Time Work Eligible**

PROFESSIONAL EXPERIENCE — 3.5 YEARS

Software Engineer — HCL Technologies, Chennai, India Sep 2021 – Jan 2025

- Developed and maintained **Java Spring Boot** microservices for enterprise applications, implementing new features and resolving defects within an Agile framework.
- Designed and implemented RESTful APIs using **Spring Boot** and **Hibernate**, ensuring seamless data exchange between multiple internal systems and adhering to strict API design principles.
- Wrote and optimized complex **SQL** queries across **PostgreSQL** and **Oracle** databases for data extraction, validation, and reporting purposes, supporting critical ERP system integrations.
- Collaborated with business stakeholders to gather requirements, translate them into technical specifications, and deliver tailored solutions within the **Microsoft Dynamics 365** ecosystem.
- Configured and extended **Dynamics 365** modules and built custom Canvas Apps using the **Power Platform** to streamline business processes and enhance user experience.
- Automated business workflows and integrated disparate systems using **Power Automate**, reducing manual effort and improving operational efficiency for key business functions.
- Deployed and managed containerized applications on **AWS EC2** instances using **Docker**, configuring CI/CD pipelines with **Jenkins** for automated builds and deployments.

SKILLS

Microsoft Dynamics 365 – Development, Configuration, Customization, Power Platform, Canvas Apps, Power Automate

Java Development – Spring Boot, Hibernate, REST APIs, Microservices, Java EE, JUnit

Database Technologies – SQL, PostgreSQL, MySQL, Oracle, Data Modelling

Cloud & DevOps – AWS (EC2, S3, Lambda, CloudWatch), Docker, Jenkins, Git

Scripting & Automation – Python, Shell Scripting

Business Systems – ERP Integration, Change Management, Agile, Scrum

PROJECTS

Dynamics 365 Customer Engagement Enhancement

- Developed custom **Canvas Apps** within the **Power Platform** to provide a more intuitive interface for sales representatives managing customer accounts, integrating directly with **Dynamics 365** data.
- Automated lead qualification and follow-up processes using **Power Automate** flows, connecting **Dynamics 365** with external communication tools and reducing average response times by **18%**.
- Collaborated with the sales operations team to define requirements and perform user acceptance testing for new **Dynamics 365** features, ensuring alignment with business objectives.

Enterprise Application Integration Framework

- Designed and implemented a **Java Spring Boot** microservice to act as an integration layer between an existing ERP system and a new customer portal, using **Hibernate** for data persistence.
- Developed RESTful APIs for data retrieval and submission, handling approximately **2,500 requests per day** during peak business hours, with a focus on performance and reliability.
- Managed database schema changes and optimized **SQL** queries in **PostgreSQL** to support the integration framework, improving data retrieval efficiency by **30%**.

EDUCATION

M.Sc. Data Analytics — National College of Ireland, Dublin Feb 2026

B.E. Computer Science — SNS College of Technology, Coimbatore, India 2021

CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California**, Davis (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
