PROFESSIONAL EXPERIENCE — 3.5 YEARS

Software Engineer — HCL Technologies, Chennai, India Sep 2021 – Jan 2025

- Provided direct technical support to customers across multiple channels including phone, chat, and email, resolving inquiries related to order processing and product access for over **200 accounts** per week.
- Troubleshot Autodesk back-office systems and utilized third-party tools to diagnose customer machine issues, ensuring immediate access to purchased software products for an average of **50 customers** daily.
- Educated customers and partners on available self-service resources through hands-on training, remote access sessions, and by developing clear, actionable content for the shared knowledge base.
- Developed and modified content for a shared knowledge base, creating **15+ new articles** and updating existing documentation to improve internal support resource efficiency.
- Collaborated with cross-functional teams, including sales and operations, to address customer-related issues and streamline order-related inquiries, improving response times by **18%**.
- Served as a subject matter expert on Autodesk policies and tools, conducting **how-to sessions** and providing guidance to customers and partners on account features and capabilities.
- Identified and documented opportunities for process improvements and system enhancements, proposing automation solutions that reduced manual effort for both customers and internal teams.

SKILLS

Customer Support – Order Processing, Product Access, License Fulfillment, Account Sign-in, Presales Inquiries, Customer Onboarding, Partner Enablement, Webinars

Communication & Collaboration – Cross-functional Teamwork, Sales Team Liaison, Partner Service Reviews, Internal Forums, Stakeholder Communication

Technical Proficiency – Windows Operating Systems, Microsoft Office Suite, Outlook, Web Conferencing Tools, Remote Access Software

Documentation & Content Creation – Knowledge Base Management, How-To Guides, Training Materials, Process Improvement Documentation

Languages – English (Fluent), French (Fluent), Italian (Fluent)

PROJECTS

Customer Account Access Resolution Platform

- Developed a Python-based internal tool to automate the investigation of customer account access issues, integrating with simulated Autodesk back-office APIs.
- Designed the tool to parse customer support tickets and identify common access problems, reducing manual triage time by an estimated **30%** for support agents.
- Created user documentation and conducted training sessions for the customer support team on how to effectively use the new access resolution platform.

Partner Onboarding & Enablement Portal

- Designed and documented a comprehensive onboarding process for new sales partners, focusing on clarity of product access and licensing fulfillment procedures.
- Authored **8 detailed guides** and created a series of short video tutorials explaining key Autodesk account features and partner portal navigation.
- Collaborated with the partner management team to gather feedback on the initial onboarding experience, iterating on documentation based on their input.

EDUCATION

M.Sc. Data Analytics — National College of Ireland, Dublin Feb 2026

B.E. Computer Science — SNS College of Technology, Coimbatore, India 2021

CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California**, Davis (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
