PROFESSIONAL EXPERIENCE — 3.5 YEARS

Software Engineer — HCL Technologies, Chennai, India Sep 2021 – Jan 2025

- Managed the end-to-end processing of repair quotations, orders, and delivery dockets for technical services, ensuring accurate and timely documentation for approximately **50-60 repair requests** weekly.
- Coordinated repair schedules and monitored parts availability with the technical services team, directly impacting the successful completion rate of **95% of scheduled repairs** within the target timeframe.
- Arranged customer collections and deliveries for medical devices, maintaining detailed tracking of proof of delivery and mitigating potential logistical delays for **over 40 shipments** per month.
- Issued comprehensive service reports and repair documentation to customers, ensuring clear communication and adherence to industry standards for **all completed repair jobs**.
- Maintained meticulous equipment records within the company's accounting system, facilitating efficient tracking and inventory management for a diverse fleet of **over 200 technical devices**.
- Processed repair payments and assisted with the follow-up of overdue invoices, contributing to improved cash flow and reducing outstanding accounts by an average of **15%**.
- Provided essential administrative support to the Technical Services department, including managing calendars, preparing reports, and coordinating team meetings for a department of **8 technical staff**.
