PROFESSIONAL EXPERIENCE — 3.5 YEARS

Software Engineer — HCL Technologies, Chennai, India Sep 2021 – Jan 2025

- Coordinated with operations, service, and relationship teams to ensure clear communication and track next steps for **client inquiries**, reducing average resolution time by **15%**.
- Tracked and analyzed **service metrics** and trends, identifying areas for improvement and contributing to a **10% reduction** in recurring client issues.
- Assisted in the onboarding and transition processes for new clients, streamlining workflows and improving the overall **client experience**.
- Gathered facts and coordinated with internal partners to support the resolution of **client inquiries**, ensuring timely closure of issues.
- Supported the development and implementation of **process improvements** aimed at enhancing service delivery and client engagement.
- Contributed to the analysis of **service commitments** and trends to identify opportunities for enhancing client outcomes.
- Managed and maintained **production environments** for enterprise applications, ensuring adherence to strict SLAs and regulatory awareness.

SKILLS

Client Service – Client Inquiry Resolution, Service Metrics Tracking, Client Engagement, Onboarding, Process Improvement, Relationship Management

Analysis & Reporting – Service Analytics, Trend Analysis, Data Gathering, Issue Resolution

Collaboration – Cross-functional Teamwork, Partner Coordination, Stakeholder Communication

Operations – Production Support, SLA Management, Regulatory Compliance, Change Management

Technical Skills – Java, Spring Boot, Python, SQL, AWS, Docker, Linux, Jenkins, Jira, Confluence, Splunk, Dynatrace, Power BI, Tableau, R, scikit-learn, PostgreSQL, MySQL, Oracle

PROJECTS

Client Inquiry Resolution Dashboard

- Developed a **Power BI dashboard** to visualize and track client inquiry resolution times, key metrics, and recurring issues for stakeholder review.
- Integrated data from multiple ticketing systems using **Power Query** to provide a unified view of client service performance.
- Collaborated with operations and business analysts to define key performance indicators and ensure the dashboard accurately reflected service delivery status.

Financial Operations Process Enhancement

- Analyzed existing **transaction monitoring** and reconciliation workflows for a financial-services operations dashboard, identifying bottlenecks in message processing.
- Developed **Python scripts** to automate data validation and reporting for failed payment messages, reducing manual effort by **30%**.
- Documented proposed process improvements and presented findings to cross-functional teams, focusing on enhancing operational efficiency and client communication.

EDUCATION

M.Sc. Data Analytics — National College of Ireland, Dublin Feb 2026

B.E. Computer Science — SNS College of Technology, Coimbatore, India 2021

CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California**, Davis (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
