PROFESSIONAL EXPERIENCE — 3.5 YEARS

Software Engineer — HCL Technologies, Chennai, India Sep 2021 – Jan 2025

- Managed client and prospect databases, ensuring data quality and compliance with data protection regulations for targeted email campaigns.
- Executed email marketing campaigns and created audience lists with segmentation for events and communications, supporting client engagement initiatives.
- Produced regular marketing reports and dashboards, tracking campaign performance across email, website, and social media channels to measure engagement and lead generation.
- Maintained and updated corporate website content, including thought leadership and market commentary, while supporting SEO and content optimisation.
- Supported the delivery of digital marketing programmes by creating, scheduling, and publishing content across LinkedIn and the corporate website.
- Analysed client and prospect engagement data to identify trends and opportunities, providing actionable insights to support decision-making and campaign planning.
- Collaborated with cross-functional teams to ensure all digital communications adhered to brand guidelines and supported compliance approval processes.
