PROFESSIONAL EXPERIENCE — 3.5 YEARS

Software Engineer — HCL Technologies, Chennai, India Sep 2021 – Jan 2025

- Installed and configured new **PC-based gaming machines** across multiple venues, performing initial hardware and software setup and testing.
- Troubleshot and repaired **electronic and mechanical faults** on arcade and casino equipment, resolving issues ranging from connectivity problems to component failures.
- Provided on-site technical support to floor staff, assisting with **customer-facing tech issues** and ensuring smooth operation of gaming systems.
- Managed spare parts inventory for the workshop, tracking stock levels and generating **procurement requests** for necessary components to maintain repair efficiency.
- Maintained accurate **service records** for all machine repairs and installations, contributing to a knowledge base for future troubleshooting and training.
- Assisted in the development of streamlined **repair procedures** and documentation, contributing to the training of new technicians on best practices.
- Traveled to various Coastline Gaming venues to perform **planned maintenance** and urgent repairs, ensuring minimal disruption to operations.

SKILLS

Hardware Repair – PC repair, Console repair, Electronics repair, Component replacement, Soldering

Software Troubleshooting – PC-based gaming systems, Hardware/software faults, Debugging

Operations & Maintenance – Machine installation, Routine maintenance, Planned maintenance, Health & Safety

Inventory Management – Spare parts management, Stock control, Procurement

Technical Support – End-user support, Customer-facing issues, Technical assistance

General IT – Linux, Shell scripting, Cron jobs, Git

PROJECTS

Gaming Machine Hardware Diagnostics and Repair

- Developed a comprehensive diagnostic checklist for common hardware failures on PC-based gaming machines, reducing average troubleshooting time by **15%**.
- Performed component-level repairs, including **advanced soldering** on circuit boards to replace faulty capacitors and resistors, extending machine lifespan.
- Documented repair procedures and common fault patterns, creating a reference guide that improved the efficiency of support staff in diagnosing issues.

Venue Technical Support and Rollout

- Coordinated with venue managers to schedule and execute the installation of 12 new gaming machines, ensuring minimal impact on customer operations.
- Provided remote and on-site technical assistance to venue staff for urgent hardware and software issues, resolving an average of **4 critical incidents** per week.
- Managed the deployment of software updates and configuration changes across a fleet of machines, ensuring consistency and adherence to operational standards.

EDUCATION

M.Sc. Data Analytics — National College of Ireland, Dublin Feb 2026

B.E. Computer Science — SNS College of Technology, Coimbatore, India 2021

CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California**, Davis (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
