HARIRAMAKRRISHNAN RAMACHANDRAN

+353 89 970 6156 • hariramakrrish@gmail.com • Dublin, Ireland • **Stamp 1G — Full-Time Work Eligible**

PROFESSIONAL EXPERIENCE — 3.5 YEARS

Software Engineer — HCL Technologies, Chennai, India Sep 2021 – Jan 2025

- Configured and maintained **GxP electronic systems** including **MES**, **LIMS**, and **document management systems** for a life sciences manufacturing client, ensuring adherence to regulatory standards.
- Provided **L2/L3 technical support** for enterprise applications, troubleshooting incidents and performing **root cause analysis** to minimize system downtime across critical operational platforms.
- Prepared and executed **CSV deliverables** per GAMP 5, including validation plans, **URS**, and **IQ/OQ/PQ** documentation for electronic systems.
- Managed user access, security roles, and master data configurations in compliance with defined **SOPs** and periodic review requirements for validated systems.
- Supported system integrations and interfaces between **shop-floor laboratory and enterprise systems**, facilitating seamless data flow for manufacturing operations.
- Authored and managed **change controls**, deviations, and **CAPAs** to ensure electronic systems remained in a validated state and met compliance requirements.
- Containerized Java Spring Boot applications using **Docker** and deployed to **AWS EC2** instances, improving deployment consistency and reducing manual configuration overhead.

SKILLS

Systems Engineering – MES, LIMS, QMS, DMS, ERP, Historians, GxP Systems, CSV, GAMP 5, URS, IQ/OQ/PQ, Traceability Matrices, 21 CFR Part 11, EU Annex 11, Data Integrity, ALCOA+, Audit Trails, Electronic Signatures, SOPs, Change Control, Deviations, CAPAs, Impact Assessments

Programming Languages – Java, Python, SQL, Shell Scripting

Frameworks & Libraries – Spring Boot, Hibernate, JPA, pandas, NumPy, scikit-learn

Cloud Platforms – AWS (EC2, S3, Lambda, CloudWatch)

Databases – PostgreSQL, MySQL, Oracle

Tools & Technologies – Docker, Jenkins, Git, Jira, Confluence, Splunk, Dynatrace, Linux

Data Analytics & BI – Power BI, Tableau, DAX, Power Query, Data Modelling

PROJECTS

GxP System Validation & Support Automation (HCL Technologies)

- Automated the generation of **validation plan templates** and **IQ/OQ/PQ scripts** using Python, reducing manual effort by approximately 40% for new system deployments.
- Developed **Java Spring Boot microservices** to integrate with a legacy ERP system, enabling real-time data exchange for manufacturing operations and supporting audit trail requirements.
- Implemented **Splunk dashboards** for real-time monitoring of GxP system health and user access logs, flagging potential compliance deviations for immediate review.

Enterprise System Integration & Data Reconciliation (HCL Technologies)

- Designed and implemented REST APIs using **Java Spring Boot** to facilitate cross-system integrations between shop-floor MES and enterprise ERP applications, ensuring data consistency.
- Wrote **SQL scripts** to perform data reconciliation between PostgreSQL and Oracle databases, identifying and correcting discrepancies in over 150,000 transaction records.
- Managed system configuration updates and coordinated User Acceptance Testing (UAT) for a critical ERP module upgrade, ensuring smooth post-go-live operations.

EDUCATION

M.Sc. Data Analytics — National College of Ireland, Dublin Feb 2026

B.E. Computer Science — SNS College of Technology, Coimbatore, India 2021

CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California**, Davis (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
