PROFESSIONAL EXPERIENCE — 3.5 YEARS

Software Engineer — HCL Technologies, Chennai, India Sep 2021 – Jan 2025

- Modified and reviewed **Computer System Validation (CSV)** and **compliance documentation**, including **SOPs** and strategy documents, to address identified gaps and drive continuous improvement initiatives.
- Conducted **Privacy, Data Integrity, and System Audit trail assessments** for critical IT systems, ensuring adherence to regulatory standards and internal quality practices.
- Executed **test scripts** for new IT system introductions, analyzed results against pre-determined criteria, and documented findings for quality assurance review.
- Performed **Security Reviews and Periodic Reviews** for IT systems, identifying potential vulnerabilities and recommending mitigation strategies to maintain system integrity.
- Collaborated with **System Administrators** and **Subject Matter Experts** to ensure ongoing compliance with site quality standards and implement procedural controls for IT applications.
- Supported the implementation and ongoing maintenance of **SharePoint** and other key **IT applications**, facilitating user adoption and troubleshooting operational issues.
- Developed and maintained a tracking system for compliance actions, providing bi-weekly updates to stakeholders and supporting site audits by preparing necessary documentation.

SKILLS

Compliance – Computer System Validation (CSV), Data Privacy, Data Integrity, Information Security, cGMP, Quality Standards, Audit Trail Assessments, Periodic Reviews

IT Application Support – IT Application Support, System Analysis, System Configuration, SharePoint, Production Support, Incident Response

Documentation & Technical Writing – Technical Writing, Document Management, Standard Operating Procedures (SOPs), Test Scripts, Test Results Analysis, Site Audits

Methodologies & Tools – Agile, Scrum, Jira, Confluence, Jenkins, Git, Splunk, Dynatrace, CloudWatch

Programming & Databases – Java, Spring Boot, Python, SQL, PostgreSQL, MySQL, Oracle, REST APIs, Docker, Linux

Analytics & BI – Power BI, Tableau, DAX, Power Query, Data Modelling, Data Warehousing, R, pandas, scikit-learn

PROJECTS

IT System Compliance Documentation Overhaul

- Revamped and standardized **Computer System Validation (CSV) documentation**, including validation plans, protocols, and reports, to align with current **cGMP** guidelines and internal quality standards.
- Developed new templates and procedures for **audit trail assessment** and **data integrity reviews**, enhancing the consistency and thoroughness of compliance checks across multiple IT systems.
- Collaborated with Quality Assurance representatives to validate the updated documentation suite, ensuring all requirements for regulatory compliance were met and documented effectively.

Application Support & Continuous Improvement Initiative

- Automated the generation of **compliance status reports** using **Python scripting** and **SQL queries** against system logs, reducing manual reporting effort by approximately **40%**.
- Implemented enhanced monitoring dashboards in **Splunk** to track key performance indicators for critical enterprise applications, enabling faster detection of potential compliance deviations.
- Supported the integration of a new **REST API** for an enterprise business system, ensuring data flow integrity and adherence to security protocols during the change management process.

EDUCATION

M.Sc. Data Analytics — National College of Ireland, Dublin Feb 2026

B.E. Computer Science — SNS College of Technology, Coimbatore, India 2021

CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California**, Davis (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
