PROFESSIONAL EXPERIENCE — 3.5+ YEARS

Trust & Safety Agent — Accenture, Dublin, Ireland Jul 2026 – Present

- Review and action user-generated content and account reports against a large-scale online platform's **community standards and policies**.
- Investigate escalated abuse cases, including harassment, hate speech, scams, inauthentic behaviour, and graphic content.
- Document content enforcement decisions and flag emerging **abuse trends** for proactive risk mitigation.
- Meet quality-audit, calibration, accuracy, and productivity targets for content review and **policy enforcement**.

Software Engineer — HCL Technologies, Chennai, India Sep 2021 – Jan 2025

- Developed Java Spring Boot applications, building REST APIs for existing services to support rule-based validation.
- Wrote Python scripts for data pipelines and ETL processes, enabling data investigation and anomaly detection.
- Managed SQL database schemas and performed ad-hoc queries for data validation, ensuring accuracy in reporting.
- Provided production support for enterprise applications, responding to P1/P2 incidents under strict SLAs.
- Monitored system health using Splunk and CloudWatch, identifying and documenting issues for resolution.
- Managed incident response and escalation pathways, collaborating with operations teams for timely triage.
- Maintained runbooks and operational alerting for failed or stuck transaction messages, ensuring system stability.

SKILLS
