PROFESSIONAL EXPERIENCE — 3.5 YEARS

Software Engineer — HCL Technologies, Chennai, India Sep 2021 – Jan 2025

- Prepared **monthly technical accounts** and assisted with **third party administrator fees** and **insurance premium tax calculations**, ensuring data accuracy for reporting.
- Contributed to the preparation of **reinsurance accounts** and maintained departmental procedures, supporting the financial close process.
- Supported accounts payable and accounts receivable functions, including the preparation of **account reconciliations** and updating **reserving data**.
- Verified the **accurateness, reliability, and completeness of technical data** for financial reporting, working closely with the Finance Manager.
- Assisted in the preparation of quarterly management reporting and participated in the **Planning and Controlling process** for annual budgets and forecasts.
- Monitored CACI's business volumes and activity, providing analysis and communication to **CFO, Branches, and Group stakeholders**.
- Containerized reporting services using **Docker** and deployed to **AWS EC2** instances, improving deployment reliability and reducing manual intervention.

SKILLS

Accounting & Finance – Technical Accounts, Third Party Administrator Fees, Insurance Premium Tax, Reinsurance Accounts, Account Reconciliations, Reserving Data, Annual Budget, Quarterly Forecasts, Management Reporting.

Tools & Technologies – Power BI, Tableau, R/RStudio, Python (pandas, NumPy, scikit-learn), SQL (PostgreSQL, MySQL, Oracle), Java Spring Boot, REST APIs, AWS (EC2, S3, Lambda, CloudWatch), Docker, Jenkins, Git, Jira, Confluence, Splunk, Dynatrace.

Data Analysis & BI – Data Modelling, DAX Measures, Power Query, Exploratory Data Analysis, Statistical Methods, Business Intelligence.

Methodologies – Agile, Scrum, Change Management.

Languages – Python, Java, SQL, R.

PROJECTS

Financial Reporting Automation & Control Enhancement

- Developed Python scripts to automate the consolidation and validation of **financial data** from disparate sources, reducing manual effort by **~30%** for monthly closing tasks.
- Built interactive **Power BI dashboards** to visualize key financial metrics, including P&L;, balance sheet, and cash flow, providing stakeholders with real-time insights.
- Implemented data quality checks using SQL queries against PostgreSQL, ensuring the **accuracy and completeness** of financial records before reporting.

Enterprise Systems Integration & Process Improvement

- Designed and implemented REST APIs using Java Spring Boot to integrate the payments operations dashboard with downstream enterprise business systems, facilitating seamless data exchange.
- Supported and enhanced ERP module integrations via database-level data flows across PostgreSQL and Oracle, ensuring data consistency for operational reporting.
- Documented system configurations and change management procedures, contributing to improved operational stability and audit trail management.

EDUCATION

M.Sc. Data Analytics — National College of Ireland, Dublin Feb 2026

B.E. Computer Science — SNS College of Technology, Coimbatore, India 2021

CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California**, Davis (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
