PROFESSIONAL EXPERIENCE — 3.5+ YEARS

Trust & Safety Agent — Accenture, Dublin, Ireland Jul 2026 – Present

- Review user-generated content and account reports against community standards and **policy enforcement**.
- Investigate escalated abuse cases including harassment, scams, and graphic content.
- Document enforcement decisions and flag emerging **abuse trends** for risk assessment.
- Meet quality-audit, calibration, accuracy, and productivity targets for content moderation.

Software Engineer — HCL Technologies, Chennai, India Sep 2021 – Jan 2025

- Developed Java Spring Boot features and REST APIs, supporting rule-based validation.
- Wrote Python scripts for data pipelines, aiding anomaly detection and reporting.
- Performed SQL queries for data validation and schema changes, supporting investigations.
- Managed production support for enterprise applications, responding to P1/P2 incidents under strict SLAs.
- Monitored application health using Splunk and CloudWatch, enabling rapid incident triage.
- Documented system behaviour and incident response in runbooks for operational consistency.
- Collaborated with operations and business analysts on requirements and post-implementation support.

SKILLS

AI Conversation Evaluation – Qualitative reviews, structured evaluation guidelines, identifying missing context, assessing decision-relevant information.
