PROFESSIONAL EXPERIENCE — 3.5 YEARS

Software Engineer — HCL Technologies, Chennai, India Sep 2021 – Jan 2025

- Developed and maintained complex financial models in **Excel** to support budgeting and forecasting processes, enhancing accuracy for long-term planning.
- Performed monthly **variance analysis**, providing detailed insights and commentary on financial performance to senior stakeholders.
- Collaborated with budget holders and business units to understand financial drivers and support informed **decision-making**.
- Designed and implemented **analytical tools and dashboards** to improve visibility into financial performance and forecasting accuracy.
- Contributed to the **budgeting and forecasting** processes, ensuring timely and accurate submissions in alignment with organizational goals.
- Supported **financial planning and performance management** activities across the organisation, reporting to the FP&A; Manager.
- Ensured **compliance with internal controls**, audit requirements, and governance standards throughout financial reporting and analysis.

SKILLS

Financial Planning & Analysis – Budgeting, Forecasting, Long-term Planning, Performance Analysis, Variance Analysis, Financial Modelling

Data Analysis & Tools – Excel, Power BI, Tableau, SQL, R, Python (pandas, NumPy, scikit-learn)

Business Intelligence – Dashboards, Data Visualisation, Data Modelling, Power Query, DAX

Software Development & Operations – Java, Spring Boot, Python, REST APIs, AWS, Docker, Linux, Git, Jenkins, Jira

Enterprise Systems – ERP integration support, Change Management, Production Support, Incident Response

PROJECTS

Financial Planning Model Enhancement

- Developed an integrated financial model in **Excel** to streamline the annual budgeting process for a key business unit, reducing preparation time by 20%.
- Incorporated advanced **DAX measures** and Power Query transformations to automate data ingestion and reporting, creating a dynamic dashboard for performance tracking.
- Collaborated with finance stakeholders to gather requirements and validate model outputs, ensuring alignment with strategic objectives.

Operational Reporting Dashboard for Finance

- Designed and built an interactive **Power BI** dashboard to visualize key financial metrics and operational performance indicators for senior management.
- Wrote **SQL queries** against enterprise data warehouses to extract and transform data for reporting, ensuring data integrity and accuracy.
- Presented the dashboard to finance and operations teams, facilitating clearer understanding of business performance and identifying areas for improvement.

EDUCATION

M.Sc. Data Analytics — National College of Ireland, Dublin Feb 2026

B.E. Computer Science — SNS College of Technology, Coimbatore, India 2021

CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California**, Davis (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
