PROFESSIONAL EXPERIENCE — 3.5 YEARS

Software Engineer — HCL Technologies, Chennai, India Sep 2021 – Jan 2025

- Provided **hardware and software support** for production environments, acting as the local point of contact for centralized teams.
- Resolved **Windows OS and hardware issues** for end-users, ensuring timely resolution of reported problems.
- Supported **MS Office suite functionalities** and common business applications, troubleshooting user-reported issues.
- Managed and tracked IT support tickets through a **ticketing system**, prioritizing and escalating issues as needed.
- Collaborated with **cybersecurity and network teams** to implement local hardware and software configurations as directed.
- Maintained good working relationships with colleagues and stakeholders to facilitate effective **production support operations**.
- Performed routine checks and maintenance on **IT infrastructure components** within the local office environment.

SKILLS

Operating Systems – Windows, Linux

Hardware – PC Hardware Support, Troubleshooting

Software Support – MS Office Suite, Application Support

Networking – Network Basics, TCP/IP

IT Operations – Production Support, Ticketing Systems, Hardware Troubleshooting

Manufacturing Operations – MFG Operations Knowledge

PROJECTS

Enterprise IT Support Augmentation (HCL Technologies)

- Provided **remote and on-site technical support** for a large enterprise client's end-user hardware and software issues, resolving approximately 25 tickets per week.
- Assisted in the deployment and configuration of new workstations and peripherals, ensuring all systems met company standards.
- Documented common troubleshooting steps and resolutions in a shared knowledge base to improve team efficiency.

Production Systems Monitoring Enhancement (HCL Technologies)

- Supported production operations by monitoring system health using **Splunk and Dynatrace**, identifying and triaging P1/P2 incidents.
- Developed **Python scripts** to automate log analysis and data validation for operational reporting, reducing manual effort by 15%.
- Managed change control processes for system configuration updates, coordinating UAT and post-go-live support.

EDUCATION

M.Sc. Data Analytics — National College of Ireland, Dublin Feb 2026

B.E. Computer Science — SNS College of Technology, Coimbatore, India 2021
