PROFESSIONAL EXPERIENCE — 3.5 YEARS

Software Engineer — HCL Technologies, Chennai, India Sep 2021 – Jan 2025

- Provided **remote hands** support for customer equipment, including **migration**, **installation**, and **testing**, ensuring uninterrupted infrastructure operation.
- Executed **emergency troubleshooting** and maintenance for customer infrastructure, performing actions such as **reboots** and **connectivity issue resolution** to address critical incidents.
- Managed **setup and deinstallation** of **Cross Connects**, including **cabling**, **installation**, and comprehensive **documentation**.
- Drafted and executed **MOPs** and **Change Requests (CR)** for data center operations, ensuring adherence to established procedures and protocols.
- Administered customer requests and service delivery tracking within internal **service management applications**, maintaining accurate records and reporting.
- Assisted in **customer implementations** by performing setup and configuration tasks under the guidance of the Implementation Services team.
- Maintained the **cleanliness**, **tidiness**, and **safety** of the data center environment, conducting routine checks and addressing internal requests.

SKILLS

Data Center Operations – Remote Hands, Customer Implementations, Cross Connects, Cabling, Equipment Migration, Troubleshooting

Network Infrastructure – Network Configurations, Optical Fiber Installations, Wiring Networks, Electrical Wiring

IT Service Management – Service Request Management, Change Management, MOPs, Change Requests (CR), EOPs, Root Cause Analysis (RCA)

Customer Support – Customer Communication, Handling Customer Requests, Technical Interventions, Service Delivery

Tools & Software – Microsoft Office, Excel, Service Management Applications

PROJECTS

Data Center Infrastructure Support & Cabling

- Managed the end-to-end process for **cross-connects**, from initial cabling and installation to final testing and comprehensive documentation.
- Executed **remote hands** requests for enterprise clients, including equipment reboots, resets, and basic connectivity troubleshooting to resolve operational issues.
- Contributed to maintaining a safe and organized data center environment by performing routine checks and addressing infrastructure requirements.

Customer Implementation & Technical Assistance

- Provided **technical customer service support** for client-facing operations, ensuring timely resolution of service requests and technical interventions.
- Assisted in customer implementation activities, focusing on the physical setup and deinstallation of equipment and network infrastructure.
- Documented all work performed in internal systems, ensuring accurate tracking of service delivery and adherence to compliance policies.

EDUCATION

M.Sc. Data Analytics — National College of Ireland, Dublin Feb 2026

B.E. Computer Science — SNS College of Technology, Coimbatore, India 2021

CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California**, Davis (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
