PROFESSIONAL EXPERIENCE — 3.5 YEARS

Software Engineer — HCL Technologies, Chennai, India Sep 2021 – Jan 2025

- Owned and maintained **Cyber Essentials Plus (CE+)** accreditation readiness, coordinating evidence collection and internal reviews to ensure continuous compliance.
- Enhanced security maturity toward **ISO 27001** by implementing and documenting controls for server hardening, endpoint security, and user access management.
- Managed and optimised security configurations within **Microsoft 365 and Azure**, focusing on **Entra ID**, conditional access policies, and MFA enforcement across 1,500+ user accounts.
- Administered **Microsoft Defender for Endpoint** and **Defender for Identity**, responding to security alerts and performing initial triage for potential threats.
- Coordinated the preparation and maintenance of documentation and artefacts for technical assurance activities, supporting external assessors during security audits and verification processes.
- Developed and delivered **security awareness training** modules to over 200 employees, covering topics such as phishing prevention, password hygiene, and acceptable use policies.
- Implemented automated patch management for 500+ servers and endpoints using **WSUS and SCCM**, reducing the average time-to-patch critical vulnerabilities by 40%.

SKILLS

Cybersecurity Frameworks – Cyber Essentials Plus (CE+), ISO 27001, CIS Benchmarks, NIST Cybersecurity Framework

Microsoft Security Stack – Microsoft Defender for Endpoint, Microsoft Defender for Identity, Microsoft Sentinel, Microsoft Intune, Entra ID (Azure AD), Microsoft 365

Core IT Infrastructure – Active Directory, VMware vCentre, Firewalls, Servers (Windows/Linux), Cloud Services (Azure)

Security Operations & Governance – Security Policies, Incident Response, Vulnerability Management, Patch Management, Access Control, Audit Preparation, GDPR, NIS2

System Administration – Windows Server, Linux, SQL Server, PowerShell Scripting

PROJECTS

Cyber Essentials Plus (CE+) Accreditation Program

- Led the initiative to achieve and maintain **Cyber Essentials Plus (CE+)** certification for enterprise systems, coordinating cross-functional teams for evidence gathering and control validation.
- Developed detailed documentation and artefacts, including network diagrams, security policies, and configuration standards, to satisfy CE+ audit requirements.
- Collaborated with IT support and infrastructure teams to implement necessary security controls, such as improved password policies and endpoint security configurations, ensuring **system hardening**.

ISO 27001 Security Controls Implementation

- Designed and deployed foundational security controls aligned with **ISO 27001** Annex A, focusing on asset management, access control, and secure configuration for servers and endpoints.
- Configured and managed **Microsoft Defender for Endpoint** policies to enforce anti-malware protection and host-based intrusion detection across a fleet of 500+ devices.
- Integrated **PowerShell scripting** to automate the verification of security configurations against defined baselines, reducing manual checks by approximately 60%.

EDUCATION

M.Sc. Data Analytics — National College of Ireland, Dublin Feb 2026

B.E. Computer Science — SNS College of Technology, Coimbatore, India 2021

CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California**, Davis (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
