PROFESSIONAL EXPERIENCE — 3.5+ YEARS

Trust & Safety Agent — Accenture, Dublin, Ireland

Jul 2026 – Present

- Review and action user-generated content and account reports against **community standards** and policies on a large-scale online platform.
- Investigate escalated abuse cases including harassment, hate speech, scams, inauthentic behaviour, and graphic content.
- Document **policy enforcement** decisions and identify emerging abuse trends for proactive mitigation.
- Consistently meet quality audit, calibration, accuracy, and productivity targets for **content review** operations.

Software Engineer — HCL Technologies, Chennai, India

Sep 2021 – Jan 2025

- Developed Java Spring Boot applications, creating REST APIs and implementing business logic for rule-based validation.
- Wrote Python scripts to automate data pipelines, supporting ETL processes and generating scheduled reports for analysis.
- Managed SQL databases (PostgreSQL, MySQL, Oracle), performing ad-hoc queries and data validation for operational insights.
- Provided production support for enterprise applications, managing SLAs and responding to P1/P2 incidents with strict audit trails.
- Monitored application health using Splunk and CloudWatch, analyzing logs and identifying anomalies for rapid resolution.
- Collaborated with business analysts and operations teams to gather requirements and support user acceptance testing.
- Handled change-control management for system updates, coordinating UAT and providing post-go-live support for interconnected systems.
