HARIRAMAKRRISHNAN RAMACHANDRAN

+353 89 970 6156 • hariramakrrish@gmail.com • Dublin, Ireland • **Stamp 1G — Full-Time Work Eligible**

PROFESSIONAL EXPERIENCE — 3.5 YEARS

Software Engineer — HCL Technologies, Chennai, India Sep 2021 – Jan 2025

- Processed all labour jobs through **Microsoft Dynamics 365 Project Operations** and managed timely bookings, ensuring operational continuity for field service activities.
- Maintained and updated key **FSM records** for **Power BI** reporting, providing accurate data for performance analysis and strategic decision-making.
- Established new **billing accounts**, **service accounts**, and containers, streamlining customer setup and financial tracking processes.
- Reviewed and corrected technician time entries weekly, ensuring accuracy and completeness for payroll and project costing, achieving a **98% accuracy rate** on submitted entries.
- Trained 5 new technicians on booking and time entry processes within **Microsoft Dynamics 365 FSM**, providing refresher training that improved initial booking accuracy by **15%**.
- Generated service activity reports for customers using **Power BI** and **Excel**, identifying areas for process improvements that were subsequently implemented.
- Collaborated with the UK&I; Global FSM Super User and cross-functional teams to support daily operations and implement process enhancements within the field service management system.

SKILLS

Field Service Management – Microsoft Dynamics 365 Project Operations, Field Service Management (FSM)

Business Intelligence & Reporting – Power BI, Excel

Operations & Administration – Booking Management, Account Management, Data Entry, Process Improvement, Training

Core Office Tools – Microsoft Outlook, Microsoft Teams, Microsoft Office Suite

Methodologies – Agile, Scrum

PROJECTS

Field Service Operations Enhancement (HCL Technologies)

- Enhanced a financial services operations dashboard by integrating new modules for processing and monitoring transaction flows, improving visibility for operational teams.
- Automated the generation of weekly operational reports using **Python scripting** and **SQL queries** against PostgreSQL, reducing manual effort by approximately 5 hours per week.
- Supported production environments with strict SLAs, performing incident response and root cause analysis for P1/P2 incidents using **Splunk** and **Dynatrace**.

MSc Data Analytics Applied Project (NCI)

- Developed interactive **Power BI dashboards** to visualize key performance indicators for a simulated business process, including data modelling and DAX measures.
- Performed ETL processes using **Power Query** and R to clean and transform datasets for analysis, ensuring data integrity for reporting.
- Presented findings and dashboard insights to academic stakeholders, demonstrating an understanding of business intelligence principles and applied data visualization.

EDUCATION

M.Sc. Data Analytics — National College of Ireland, Dublin Feb 2026

B.E. Computer Science — SNS College of Technology, Coimbatore, India 2021

CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California**, Davis (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
