PROFESSIONAL EXPERIENCE — 3.5 YEARS

Software Engineer — HCL Technologies, Chennai, India Sep 2021 – Jan 2025

- Managed the end-to-end accounting and reporting for multiple designated legal entities, ensuring accuracy and timely delivery of monthly management accounts.
- Prepared detailed financial analysis and variance explanations for senior stakeholders, supporting strategic decision-making for assigned entities.
- Supported group consolidation processes and intercompany reconciliations, ensuring alignment across all financial reporting segments.
- Collaborated with internal and external audit teams to provide necessary documentation and support, ensuring adherence to Group accounting policies.
- Identified and implemented operational efficiencies and control enhancements within finance processes, reducing manual intervention by approximately **15%**.
- Developed and maintained **Power BI** dashboards to visualize key financial metrics and performance indicators, facilitating clearer understanding for management.
- Coordinated change-control management for system configuration updates and UAT processes across interconnected financial systems.

SKILLS

Accounting & Reporting – Management Accounts, Group Reporting, Consolidation, Intercompany Reconciliation, Financial Analysis, Variance Explanation

Tools & Technologies – Power BI, DAX, Power Query, SQL, PostgreSQL, Oracle, MySQL, Jira, Confluence, Jenkins, Git, Splunk, Dynatrace, CloudWatch

Financial Operations – Month-End Close, Audit Support, Compliance, Change Management, UAT Coordination, Production Support, SLA Management

Programming & Scripting – Java, Spring Boot, Python, REST APIs, Shell Scripting

Cloud & DevOps – AWS (EC2, S3, Lambda), Docker, Linux

PROJECTS

Financial Reporting Automation (HCL Technologies)

- Automated the generation of monthly financial reports by developing Python scripts that extracted and transformed data from multiple SQL databases.
- Designed and implemented interactive **Power BI** dashboards to present key financial performance indicators and operational metrics to business analysts.
- Reduced manual data compilation effort by **40%** through the automation of data extraction and reporting processes.

ERP System Integration Support (HCL Technologies)

- Supported the integration of core ERP modules with downstream operational platforms, ensuring data consistency across systems.
- Managed change control processes for system configuration updates, coordinating UAT and post-go-live support for a user base of over **500**.
- Developed REST APIs in Java Spring Boot to facilitate data exchange between the ERP system and a custom-built reporting service.

EDUCATION

M.Sc. Data Analytics — National College of Ireland, Dublin Feb 2026

B.E. Computer Science — SNS College of Technology, Coimbatore, India 2021

CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California**, Davis (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
