PROFESSIONAL EXPERIENCE — 3.5 YEARS

Software Engineer — HCL Technologies, Chennai, India Sep 2021 – Jan 2025

- Provided hands-on support for **Windows, iOS, and Android devices**, diagnosing and resolving hardware, software, and operating system issues for approximately **150 users** across the Damastown site.
- Managed user accounts, permissions, and group policies within **Active Directory**, facilitating seamless onboarding for **15 new employees** during the contract period.
- Performed software deployments, upgrades, and security patching for **Microsoft 365 applications** and core desktop software, ensuring a secure and up-to-date user environment.
- Troubleshot network connectivity issues including **LAN, WAN, VPN, and wireless networks**, restoring service for an average of **5 critical incidents** per week.
- Delivered Smart Hands support for network and server teams, assisting with patching, cabling, and hardware replacements in the local data center rack.
- Maintained accurate IT asset records and updated documentation for hardware and software configurations, adhering to strict **service level agreements** for incident resolution.
- Responded to and resolved end-user support tickets escalated from the service desk, ensuring timely and effective solutions for a range of technical challenges.

SKILLS

Operating Systems – Windows, iOS, Android, Linux

Core Technologies – Microsoft 365, Active Directory, TCP/IP, DNS, DHCP, VPN, Wi-Fi, LAN, WAN

Hardware Support – Desktops, Laptops, Mobile Devices, Printers, Peripherals

IT Support Tools – Ticketing Systems, Remote Desktop, Asset Management

Networking – Connectivity Troubleshooting, Wireless Networks, Network Fundamentals

Cloud & Infrastructure – AWS (EC2, S3, Lambda, CloudWatch), Docker, Jenkins

PROJECTS

Enterprise Desktop and Mobile Device Support Enhancement

- Streamlined the process for supporting **Windows, iOS, and Android devices** by standardizing diagnostic procedures and common resolution steps, reducing average ticket resolution time by **18%**.
- Developed and maintained clear documentation for common hardware and software issues, creating a knowledge base that empowered junior support staff and reduced escalations by **22%**.
- Assisted in the deployment of new hardware models across the enterprise, coordinating with procurement and end-users to ensure a smooth rollout.

Active Directory User Account Management Automation

- Automated routine **Active Directory user account management** tasks, including creation, modification, and deactivation, handling approximately **50 requests weekly**.
- Implemented scripts to manage user permissions and group memberships, ensuring adherence to company security policies and minimizing access-related issues.
- Collaborated with the security team to refine group policy objects, enhancing endpoint security configurations across the user base.

EDUCATION

M.Sc. Data Analytics — National College of Ireland, Dublin Feb 2026

B.E. Computer Science — SNS College of Technology, Coimbatore, India 2021

CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California**, Davis (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
