PROFESSIONAL EXPERIENCE — 3.5 YEARS

Software Engineer — HCL Technologies, Chennai, India Sep 2021 – Jan 2025

- Provided **first-line technical support** to end users via telephone and ticketing systems, resolving approximately **25-30 incidents daily**.
- Diagnosed and troubleshot **hardware, software, and network issues** across Windows operating systems and common desktop applications, including **Microsoft Office Suite**.
- Managed and tracked IT service tickets using **ITSM platforms**, ensuring timely resolution and adherence to **Service Level Agreements (SLAs)**.
- Escalated complex technical problems to **Level 2/3 support teams**, providing detailed documentation for effective handover and resolution.
- Assisted with user account administration tasks, including **Active Directory**, **Outlook**, and **Exchange** related requests.
- Supported end-user devices such as **desktops, laptops, and printers**, performing basic troubleshooting and hardware diagnostics.
- Maintained accurate incident records and resolutions within **ITSM systems**, contributing to a knowledge base for recurring issues.

SKILLS

Operating Systems – Windows, Linux

Core Applications – Microsoft Office Suite, Outlook, Exchange

Networking & Access – VPN, Remote Access, Network Troubleshooting

Directory Services – Active Directory, User Account Administration

Support Tools – ITSM Platforms (e.g. Remedy, HP Service Centre), Remote Desktop Tools, Ticketing Systems

Hardware Support – Desktops, Laptops, Printers

PROJECTS

Enterprise Application Production Support Enhancement

- Improved production support for enterprise **Java** and **.NET applications** by implementing enhanced monitoring dashboards in **Splunk**, reducing critical incident detection time by **15%**.
- Automated routine data validation checks for financial transaction logs using **Python scripting**, decreasing manual effort by approximately **8 hours per week** for the operations team.
- Developed and maintained **REST APIs** using **Java Spring Boot** for internal service integrations, ensuring reliable data exchange across distributed systems.

ITSM Ticketing System Optimization

- Streamlined the incident logging and tracking process by configuring **ITSM tools**, leading to a **20%** improvement in ticket categorization accuracy.
- Developed shell scripts to automate log analysis for common issues on **Linux** servers, reducing manual troubleshooting time for L1 support personnel.
- Provided clear, concise technical documentation for common troubleshooting steps, aiding end-users in self-resolving basic issues and reducing ticket volume by approximately **10%**.

EDUCATION

M.Sc. Data Analytics — National College of Ireland, Dublin Feb 2026

B.E. Computer Science — SNS College of Technology, Coimbatore, India 2021

CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California**, Davis (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
