PROFESSIONAL EXPERIENCE — 3.5 YEARS

Software Engineer — HCL Technologies, Chennai, India Sep 2021 – Jan 2025

- Provided 1st-line IT helpdesk support for local staff, resolving daily hardware, software, and access issues across **Windows** and **Mac** operating systems and **Microsoft 365**.
- Managed the local IT onboarding and offboarding processes, including **laptop provisioning** and setup of office technology equipment such as printers and meeting room systems.
- Administered and maintained the local **CRM system**, focusing on customer lead tracking, dealer sales funnels, and marketing automation to ensure high data quality.
- Supported the deployment and daily operations of the **Global Dealer Management System (GDMS)** for the Irish market, assisting with ordering, warranty claims, and spare parts procurement.
- Delivered hands-on system training and onboarding for local employees and the Irish dealer network, creating simple user guides to drive system adoption.
- Coordinated User Acceptance Testing (UAT) for local system updates, acting as the liaison between local business users, the UK IT team, and central system developers.
- Implemented and managed **REST APIs** for cross-system integrations between enterprise business systems and operational platforms, ensuring smooth data flows across **PostgreSQL** and **Oracle** databases.

SKILLS

Business Systems – Dealer Management Systems (GDMS), Enterprise CRM, ERP, Order Processing, Warranty Claims, Spare Parts Procurement.

IT Support – 1st-line Helpdesk, Hardware Support, Software Support, Access Issues, Onboarding/Offboarding, Microsoft 365, Windows, macOS, Teams.

Development & Integration – Java Spring Boot, REST APIs, PostgreSQL, MySQL, Oracle, Python Scripting, ETL, Data Pipelines.

Cloud & Infrastructure – AWS (EC2, S3, Lambda, CloudWatch), Docker, Linux, Shell Scripting, Jenkins, Git.

Data Analytics & BI – Power BI, Tableau, DAX, Power Query, Data Modelling, Data Warehousing, R, pandas, NumPy, scikit-learn.

PROJECTS

Dealer Management System (GDMS) Rollout

- Led the local rollout of the **Global Dealer Management System (GDMS)** for the Irish market, coordinating with UK IT and local stakeholders.
- Developed and delivered comprehensive training materials and sessions for the Irish dealer network on system functionalities including vehicle ordering and warranty claims processing.
- Provided ongoing 1st-line support for GDMS users, troubleshooting issues related to parts procurement and technical support logging, ensuring smooth daily operations.

Automotive CRM System Implementation & Support

- Administered the local **CRM system**, configuring user roles and permissions, and ensuring data integrity for customer leads and sales funnels.
- Collaborated with the local sales and marketing teams to ensure high system adoption and data quality, refining workflows for lead management and campaign tracking.
- Created user guides and provided ad-hoc support to the sales team, resolving system-related queries and facilitating effective use of the CRM for business objectives.

EDUCATION

M.Sc. Data Analytics — National College of Ireland, Dublin Feb 2026
