PROFESSIONAL EXPERIENCE — 3.5 YEARS

Software Engineer — HCL Technologies, Chennai, India Sep 2021 – Jan 2025

- Reviewed and analysed meeting materials from publicly listed companies, including annual reports and notices of meetings, to extract key information on corporate governance and remuneration.
- Summarised complex meeting proposals for board elections and executive pay practices, distilling essential details for voting recommendations.
- Provided research support to senior analysts by gathering data on director skills matrices, auditor appointments, and incentive plans.
- Translated French-language meeting documents to provide essential context and analysis for English-speaking research teams, ensuring accurate interpretation of governance proposals.
- Managed research tasks within tight deadlines for multiple markets simultaneously, ensuring all required analyses were completed for upcoming proxy voting cycles.
- Developed proficiency in using MS Office Suite, particularly Excel for data compilation and analysis, and online research tools to source company disclosures.
- Contributed to the team's understanding of global governance and ESG market practices through research and internal knowledge-sharing sessions.

SKILLS

Research & Analysis – Qualitative Research, Corporate Governance, Remuneration Practices, Financial Analysis, Economic Analysis, Public Policy Analysis

Languages – English (Written & Spoken), French (Reading Proficiency)

Software & Tools – MS Office Suite, Microsoft Excel, Online Research Tools, Google Suite

Domain Knowledge – Economics, Financial Services, Accounting, Compliance, Corporate Law, Finance Journalism

Methodologies – Task Management, Time Management, Attention to Detail, Independent Work, Team Collaboration

PROJECTS

Corporate Governance Research Analysis (MSc Project)

- Analysed proxy statements and annual reports for 15 publicly traded companies to assess their corporate governance structures and executive compensation policies.
- Researched and summarised key meeting proposals, including director elections and incentive schemes, applying best practice frameworks to formulate initial voting considerations.
- Documented findings using clear and concise language, preparing summaries that highlighted governance risks and alignment with shareholder interests.

French Disclosure Translation & Summary (HCL Technologies)

- Supported international client operations by translating key financial and regulatory documents from French to English, ensuring accurate communication of critical data points.
- Developed a system for cataloguing and summarising translated documents, improving retrieval time for operational teams by an estimated 20%.
- Collaborated with business analysts to clarify specific terminology and contextual nuances in French financial disclosures, ensuring precise understanding for downstream processes.
