PROFESSIONAL EXPERIENCE — 3.5+ YEARS

Trust & Safety Agent — Accenture, Dublin, Ireland Jul 2026 – Present

- Review and action user-generated content and account reports against community standards and **policies**.
- Investigate escalated abuse cases including harassment, hate speech, scams, and inauthentic behaviour.
- Document enforcement decisions and flag emerging abuse trends for risk assessment.
- Meet stringent **quality**-audit, calibration, accuracy, and productivity targets for content moderation.

Software Engineer — HCL Technologies, Chennai, India Sep 2021 – Jan 2025

- Develop and maintain Java Spring Boot applications, building REST APIs for system integrations.
- Write Python scripts for data pipelines, ETL processes, and automated reporting for operational insights.
- Perform ad-hoc SQL queries and data validation for investigating transaction flows and audit trails.
- Manage production support for enterprise applications, responding to P1/P2 incidents under strict SLAs.
- Monitor application health and performance using Splunk and CloudWatch, documenting issues.
- Handle incident response and triage, escalating critical issues to relevant teams.
- Collaborate with operations and business analysts on requirements, UAT, and post-implementation support.

SKILLS
