HARIRAMAKRRISHNAN RAMACHANDRAN

+353 89 970 6156 • hariramakrrish@gmail.com • Dublin, Ireland • **Stamp 1G — Full-Time Work Eligible**

PROFESSIONAL EXPERIENCE — 3.5 YEARS

Software Engineer — HCL Technologies, Chennai, India Sep 2021 – Jan 2025

- Configured and deployed network hardware including routers, switches, and firewalls across three client sites, performing full hardware swaps and RMA processes.
- Executed routine MACD (Moves, Adds, and Changes) tasks for network infrastructure, ensuring seamless transitions and minimal disruption to daily operations.
- Performed comprehensive fibre and copper cabling installations and sophisticated cable tracing to diagnose and resolve connectivity issues.
- Created and maintained accurate Visio diagrams and site documentation for network infrastructure, supporting remote NOC operations and field teams.
- Troubleshot complex LAN, WAN, and WLAN environments, liaising effectively with remote Network Operations Centers, telecommunication providers, and hardware vendors to achieve timely resolutions.
- Managed and executed IOS upgrades and subsequent testing on network devices to ensure system stability and security compliance.
- Supported production environments with strict SLAs, focusing on incident response and maintaining operational alerting for critical system events.

SKILLS

Networking – Routers, Switches, Firewalls, LAN, WAN, WLAN, Cabling, Cable Tracing, Wireless Site Surveys

Hardware Management – Break-fix, RMA, Rack and Stack, MACD

Documentation & Design – Visio Diagrams, Site Documentation

Troubleshooting & Support – Incident Response, SLA Management, Vendor Liaison, Telco Liaison

Operating Systems – Linux

Cloud & Virtualization – AWS (EC2, CloudWatch)

PROJECTS

Network Infrastructure Rollout for Pharma Client

- Managed the deployment of new network hardware, including routers and switches, across multiple facilities to support a global pharmaceutical client's operations.
- Configured and tested wireless access points as part of a comprehensive WLAN upgrade, ensuring robust connectivity for end-users and data collection devices.
- Documented all network changes and configurations using Visio, providing clear visibility for remote support teams and enabling efficient troubleshooting.

Site Network Health and Cabling Upgrade

- Conducted detailed site surveys to assess existing network infrastructure and identify areas for improvement in cabling and hardware placement.
- Executed fibre and copper cable tracing and repair initiatives, significantly improving network stability and reducing intermittent connectivity failures for critical systems.
- Performed hardware swaps and upgrades on network devices, ensuring systems remained current with vendor-supported IOS versions.

EDUCATION

M.Sc. Data Analytics — National College of Ireland, Dublin Feb 2026

B.E. Computer Science — SNS College of Technology, Coimbatore, India 2021

CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California**, Davis (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
