PROFESSIONAL EXPERIENCE — 3.5+ YEARS

Trust & Safety Agent — Accenture, Dublin, Ireland Jul 2026 – Present

- Review and action user-generated content against **community standards** and policies for a large-scale online platform.
- Investigate escalated abuse cases including harassment, hate speech, scams, and **inauthentic behaviour**.
- Document enforcement decisions, identify emerging abuse trends, and meet **quality-audit**, calibration, accuracy, and productivity targets.
- Handle **escalations** and ensure timely, consistent application of platform policies and guidelines.

Software Engineer — HCL Technologies, Chennai, India Sep 2021 – Jan 2025

- Developed Java Spring Boot features and REST APIs, ensuring accuracy and auditability for financial-services operations.
- Implemented Python scripts for data pipelines and reporting, supporting data validation and anomaly detection.
- Managed SQL databases (PostgreSQL, MySQL) for data integrity, schema changes, and ad-hoc query support.
- Responded to P1/P2 incidents for enterprise applications, managing SLAs and adhering to strict production support protocols.
- Monitored application health using Splunk and CloudWatch, identifying and documenting system anomalies for resolution.
- Executed runbooks for incident response and triage, ensuring clear communication with operations and business analysts.
- Managed change control processes for system updates and coordinated UAT across interconnected enterprise systems.

SKILLS

Trust & Safety – policy enforcement, content review, community guidelines, escalations, risk assessment.
