PROFESSIONAL EXPERIENCE — 3.5 YEARS

Software Engineer — HCL Technologies, Chennai, India Sep 2021 – Jan 2025

- Provided day-to-day technical support to end-users, resolving hardware and software issues across **Windows** and **macOS** environments.
- Managed IT support tickets using **Jira Service Desk**, prioritizing and escalating issues to relevant technical teams to ensure timely resolution.
- Configured and deployed new user hardware, including laptops and peripherals, ensuring all equipment met company standards and user requirements.
- Supported and maintained meeting room technology, including **audio-visual** equipment and video conferencing systems, ensuring smooth operation for presentations and meetings.
- Assisted with IT system and equipment troubleshooting, working closely with technical teams to deliver an efficient and reliable service.
- Documented IT support procedures and common troubleshooting steps in **Confluence**, creating a knowledge base for the IT team and end-users.
- Performed regular system and equipment checks, identifying potential issues and implementing preventative maintenance to minimize disruptions.

SKILLS

IT Support – Technical Support, Hardware Troubleshooting, Software Troubleshooting, End-User Support, Ticket Management, Escalation Procedures, System Maintenance, Audio-Visual Equipment, Video Conferencing

Operating Systems – Windows, macOS, Linux

Tools & Platforms – Jira Service Desk, Confluence, Active Directory, Microsoft 365, Jenkins, Git

Hardware – Laptops, Desktops, Peripherals, Printers, Audio-Visual Systems

Networking Basics – TCP/IP, DNS, DHCP, Wi-Fi Troubleshooting

PROJECTS

IT Support Knowledge Base Enhancement (HCL Technologies)

- Developed and organized a comprehensive knowledge base within **Confluence** for common IT support issues faced by enterprise customers.
- Authored detailed troubleshooting guides for **Windows** and **Linux** environments, reducing average resolution time for recurring problems by approximately 15%.
- Collaborated with senior support engineers to document escalation paths and best practices for managing critical incidents, improving team response coordination.

Automated User Onboarding Scripting (HCL Technologies)

- Created Python scripts to automate parts of the user onboarding process, including initial account setup and software deployment on **Linux** servers.
- Integrated scripts with **Jira** to automatically track onboarding ticket status and update relevant stakeholders on progress.
- Refactored existing manual deployment steps into a semi-automated workflow, decreasing the time required for new user system provisioning by 20%.

EDUCATION

M.Sc. Data Analytics — National College of Ireland, Dublin Feb 2026

B.E. Computer Science — SNS College of Technology, Coimbatore, India 2021

CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California**, Davis (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
