PROFESSIONAL EXPERIENCE — 3.5 YEARS

Software Engineer — HCL Technologies, Chennai, India Sep 2021 – Jan 2025

- Managed project timelines and resource allocation for **network refreshes** and **server upgrades** impacting approximately 500 endpoints across two office locations.
- Coordinated with **third-party vendors** and internal IT teams to schedule and execute deployments for new **cloud infrastructure** components, ensuring minimal disruption to operations.
- Developed and maintained comprehensive **project plans**, including risk assessments and dependency tracking, for infrastructure initiatives using **Asana**.
- Facilitated regular **stakeholder meetings** with business unit leaders and technical teams to gather requirements and provide project status updates on **office moves**.
- Supported the implementation of new **networking hardware** and configurations as part of a broader infrastructure modernization effort.
- Identified and resolved project blockers, including **dependency conflicts** and resource constraints, to maintain project velocity for infrastructure delivery.
- Authored detailed **post-implementation documentation** and runbooks for newly deployed **AWS** services, enabling efficient knowledge transfer to the operations team.

SKILLS

Project Management – Project Planning, Risk Management, Stakeholder Management, Vendor Management, Asana, PRINCE2 (Awareness)

IT Infrastructure – Network Installation, Network Refresh, Server Upgrades, Cloud Infrastructure, AWS, Linux

Technical Skills – Java, Spring Boot, Python, SQL, REST APIs, Docker, Jenkins, Git

Data & Analytics – Power BI, Tableau, DAX, R, pandas, scikit-learn

Operations & Support – Production Support, Incident Response, SLA Management, Splunk, Dynatrace

PROJECTS

IT Infrastructure Project Coordination (HCL Technologies)

- Managed the rollout of new server hardware across multiple departments, coordinating installation schedules and user impact assessments for over 150 employees.
- Developed detailed project plans and tracking mechanisms for a **server replacement** initiative, ensuring all hardware and software dependencies were met.
- Collaborated with operations teams to define requirements for system monitoring tools, improving visibility into infrastructure performance.

Cloud Infrastructure Deployment Support (HCL Technologies)

- Assisted in the deployment of **AWS EC2 instances** and **S3 buckets** for a new enterprise application, configuring security groups and access policies.
- Contributed to the CI/CD pipeline setup using **Jenkins** for automated deployment of Java Spring Boot applications to cloud environments.
- Wrote Python scripts to automate data validation checks for migrated datasets into the **AWS** environment.

EDUCATION

M.Sc. Data Analytics — National College of Ireland, Dublin Feb 2026

B.E. Computer Science — SNS College of Technology, Coimbatore, India 2021

CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California**, Davis (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
