PROFESSIONAL EXPERIENCE — 3.5 YEARS

Software Engineer — HCL Technologies, Chennai, India Sep 2021 – Jan 2025

- Configured and deployed **50+ Samsung Galaxy A17 Android devices** per day for a site-wide rollout, adhering strictly to corporate enrolment standards and company policies.
- Assisted end-users in setting up **Microsoft Authenticator** with **Microsoft Entra ID** sign-in on new and existing corporate devices, resolving authentication issues with a patient, hands-on approach.
- Provided direct, on-site user support and walkthroughs for new device issuance, effectively troubleshooting enrolment and sign-in problems to ensure a smooth transition for over **150 staff members**.
- Managed accurate inventory tracking for **device issuance and user support**, maintaining detailed records for a project involving over 500 corporate devices.
- Escalated complex enrolment, sign-in, and authentication problems to the next tier of support, providing comprehensive initial troubleshooting notes and user context.
- Collaborated with project leads to refine and improve the device deployment process, contributing to more efficient user support and issue resolution based on daily feedback.
- Maintained detailed documentation of common troubleshooting steps for **Android device** setup and **Microsoft Entra ID** authentication, aiding in faster resolution for recurring issues.

SKILLS

Mobile OS & Devices – Android, Samsung Galaxy A17

Authentication & Identity – Microsoft Entra ID (Azure AD), Microsoft Authenticator, Passkeys

IT Support & Operations – IT Support, Helpdesk, Device Deployment, Ticketing Systems, Incident Escalation, User Training

Device Management – Corporate Device Enrolment, Mobile Device Management (MDM)

General IT – Linux, Shell Scripting, Data Validation, Change Management

PROJECTS

Large-Scale Android Device Deployment Project

- Managed the end-to-end setup and issuance of **~600 Android devices** (Samsung focus) across multiple departments, ensuring each user received personalized setup assistance.
- Troubleshot and resolved common user issues related to **Microsoft Entra ID** authentication and **Microsoft Authenticator** setup, reducing escalation rates by **15%** through direct user guidance.
- Maintained detailed logs of device assignments and user support interactions, contributing to accurate project reporting and inventory management.

IT Support Automation and Documentation

- Developed Python scripts to automate parts of the IT support ticketing process, reducing manual data entry for common ticket types by approximately **20%**.
- Created and updated user guides and troubleshooting documentation for common software and hardware issues encountered during enterprise IT support, improving self-service resolution rates.
- Assisted in the configuration and testing of new software deployments, ensuring compatibility with existing enterprise systems and user environments.

EDUCATION

M.Sc. Data Analytics — National College of Ireland, Dublin Feb 2026

B.E. Computer Science — SNS College of Technology, Coimbatore, India 2021

CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California**, Davis (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
