HARIRAMAKRRISHNAN RAMACHANDRAN

+353 89 970 6156 • hariramakrrish@gmail.com • Dublin, Ireland • **Stamp 1G — Full-Time Work Eligible**

PROFESSIONAL EXPERIENCE — 3.5 YEARS

Software Engineer — HCL Technologies, Chennai, India Sep 2021 – Jan 2025

- Administered and maintained **Cisco networking equipment** including switches, routers, and firewalls, ensuring reliable network operations for manufacturing environments.
- Provided technical support for **OT systems**, servers, workstations, and network infrastructure, participating in incident response and root cause analysis for critical manufacturing systems.
- Managed **Windows Server** environments through patching, hardening, upgrades, and performance tuning, monitoring system health to resolve infrastructure-related issues.
- Supported the administration and lifecycle management of **VMware vSphere** environments, including VM provisioning, migration, and capacity management.
- Maintained **Linux-based systems** used for OT applications and supporting infrastructure, performing system patching and performance tuning.
- Administered **Active Directory** environments, managing user and group policies, DNS, DHCP, and authentication services to implement least-privilege access controls.
- Developed and executed **project plans** for OT infrastructure upgrades, coordinating with internal stakeholders and external vendors to manage deliverables and timelines.

SKILLS

Networking – Cisco IOS, VLAN configuration, routing, switching, TCP/IP, DNS, DHCP, network troubleshooting, industrial network segmentation

Virtualization – VMware vSphere, ESXi, vCenter, Microsoft Hyper-V, virtual networking, disaster recovery

Operating Systems – Windows Server, Windows 10/11, Red Hat Linux, Ubuntu Linux, Bash/Shell scripting

Identity & Security – Active Directory, Group Policy, LDAP, Kerberos, role-based access control, cybersecurity controls

OT & Manufacturing – GxP compliance, Computer System Validation (CSV), Data Integrity, Change Control, Risk Assessments, CAPA Support, Audit Readiness

Tools & Technologies – PowerShell, Backup and Recovery Technologies, Monitoring and Alerting Platforms, Endpoint Security Solutions, Jenkins, Jira, Confluence

PROJECTS

OT Infrastructure Support and Enhancement (HCL Technologies)

- Managed production support for enterprise applications, focusing on **SLA management** and P1/P2 incident response using **Splunk** and **Dynatrace**.
- Automated data validation and reporting tasks using **Python scripting** and **SQL** queries across PostgreSQL and Oracle databases.
- Supported cross-system integrations via **REST APIs** and database-level data flows, contributing to change-control management for system updates.

Manufacturing Systems Reliability Project (HCL Technologies)

- Enhanced the reliability of critical manufacturing systems by troubleshooting network performance and connectivity issues for **Cisco** network infrastructure.
- Supported the deployment and maintenance of **virtualized environments**, ensuring high availability and disaster recovery solutions for key OT platforms.
- Implemented system patching and hardening procedures for **Windows Server** and **Linux** operating systems to maintain secure and compliant OT infrastructure.

EDUCATION

M.Sc. Data Analytics — National College of Ireland, Dublin Feb 2026

B.E. Computer Science — SNS College of Technology, Coimbatore, India 2021

CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California**, Davis (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
