PROFESSIONAL EXPERIENCE — 3.5 YEARS

Software Engineer — HCL Technologies, Chennai, India

Sep 2021 – Jan 2025

- Managed the full Business Readiness lifecycle for **lower- and medium-complexity changes**, coordinating delivery across Communications, Training, Procedures, Operations, Controls, Product, and Technology workstreams.
- Developed and maintained integrated **Business Readiness plans**, ensuring alignment with release dates and tracking actions, dependencies, and stage-gate evidence.
- Assessed operational readiness against agreed criteria, providing evidence-based recommendations and escalating high-risk or cross-portfolio matters to the Business Readiness Lead.
- Coordinated cross-functional delivery for assigned changes, challenging incomplete plans and driving timely closure of readiness activities to meet objectives.
- Monitored readiness and adoption indicators, identifying emerging risks early and recommending remediation interventions to ensure successful transitions to Business As Usual.
- Maintained comprehensive, auditable documentation for intake, assessment, decisions, risks, and actions within agreed repository and workflow tools.
- Contributed to common team standards, templates, and continuous improvement initiatives, including quality reviews and lessons learned documentation.

SKILLS

Business Readiness & Change Management – Business Readiness plans, Impact assessment, Stakeholder assessment, Operational readiness, Risk management, Dependency management, Release management, Transition to BAU, Hypercare, Controls, Procedures, Communications, Training

Project & Portfolio Management – Integrated plans, Milestones, Actions, Owners, Dependencies, Stage-gate evidence, Cutover, Demand management, Capacity planning, Prioritization

Tools & Technologies – Jira, Confluence, Splunk, Dynatrace, Python, Java, SQL, Spring Boot, AWS, Docker, Jenkins, Git, PostgreSQL, MySQL, Oracle

Analytical & Reporting – Data analysis, Performance indicators, Reporting, Recommendations, Documentation discipline, Attention to detail

Collaboration & Communication – Cross-functional delivery, Stakeholder engagement, Verbal communication, Written communication, Challenge constructively, Escalation

PROJECTS

Payments Operations Dashboard Enhancement

- Supported the continuous improvement of a **payments operations dashboard**, focusing on enhancing transaction monitoring and operational alerting capabilities for a financial-services client.
- Collaborated with operations teams to gather requirements for new alert thresholds and reporting features, translating them into actionable backlog items for development sprints.
- Participated in UAT and post-implementation triage for dashboard updates, ensuring smooth integration with existing reconciliation workflows and audit trail systems.

Enterprise ERP System Integration Support

- Provided production support for enterprise business systems, including integration points with ERP modules and operational platforms, ensuring data consistency across interconnected systems.
- Managed change-control processes for system configuration updates and coordinated User Acceptance Testing (UAT) across multiple teams.
- Assisted in troubleshooting cross-system integration issues via **REST APIs and database-level data flows** between PostgreSQL and Oracle databases.

EDUCATION

M.Sc. Data Analytics — National College of Ireland, Dublin Feb 2026

B.E. Computer Science — SNS College of Technology, Coimbatore, India 2021

CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California**, Davis (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
