PROFESSIONAL EXPERIENCE — 3.5 YEARS

Software Engineer — HCL Technologies, Chennai, India

Sep 2021 – Jan 2025

- Provided pre-sales technical support for the sales cycle, identifying technical requirements and matching them to **Keeper Security solutions** for enterprise customers.
- Conducted remote product demonstrations and technical presentations, effectively communicating the value proposition of **cybersecurity software** to both technical and executive audiences.
- Collaborated with product development and engineering teams to integrate customer feedback and stay updated on new product features and enhancements for the **KeeperPAM platform**.
- Acted as a technical advisor, addressing customer questions and objections during the sales process and assisting with product trials and evaluations for partners.
- Developed and executed Python scripts to automate data extraction and reporting tasks, streamlining operational workflows for the finance department and reducing manual effort by **~15%**.
- Maintained and enhanced Java Spring Boot REST APIs for internal feature store services, ensuring **reliable data exchange** between microservices and downstream applications.
- Containerized multiple Java applications using **Docker** and deployed them to an AWS ECS cluster, improving deployment consistency and enabling faster release cycles.

SKILLS

Sales Engineering & Support – Pre-sales Technical Support, Post-sales Support, Product Demonstrations, Technical Presentations, Customer Requirements Gathering, Partner Enablement, Level 2 Technical Assistance, Salesforce Activity Tracking

Cybersecurity & Identity Management – Cybersecurity Software, Privileged Access Management (PAM), Zero-Knowledge Security, Zero-Trust Security, Identity Providers (Azure AD, Okta), Password Management, Passkey Management, Secrets Management

Cloud & Infrastructure – AWS (EC2, S3, Lambda, CloudWatch), Azure, Docker, Kubernetes, Linux/UNIX Administration, Windows Administration, Active Directory

Programming & Scripting – Python, Java, Spring Boot, REST APIs, SQL, Shell Scripting, JavaScript

Data & Analytics – Power BI, Tableau, DAX, Power Query, Data Modelling, Data Warehousing, ETL, Pandas, NumPy, R, Scikit-learn

Methodologies & Tools – Agile, Scrum, CI/CD, Jenkins, Git, Jira, Confluence, Splunk, Dynatrace

PROJECTS

Enterprise Customer Onboarding for PAM Solution

- Designed and delivered a tailored technical onboarding program for three enterprise clients, focusing on the secure implementation of **KeeperPAM** and its integration with their existing IT infrastructure.
- Conducted hands-on technical workshops and provided direct assistance to customer IT teams, facilitating the successful deployment of **password and secrets management** solutions and ensuring adherence to security policies.
- Developed reusable technical documentation and best practice guides for customer self-service, which reduced average onboarding support tickets by **20%**.

Automation Framework for Security Compliance Reporting

- Engineered a Python-based framework to automate the generation of compliance reports by extracting data from various security logs and audit trails, targeting **regulatory and GDPR awareness**.
- Integrated the framework with **Splunk** for log analysis and data aggregation, and configured scheduled data pipelines using cron jobs on Linux servers to ensure timely report delivery.
- Refactored inefficient relational database queries in **PostgreSQL**, optimizing data retrieval for compliance checks and reducing report generation time by an average of **30%**.

EDUCATION

M.Sc. Data Analytics — National College of Ireland, Dublin Feb 2026

B.E. Computer Science — SNS College of Technology, Coimbatore, India 2021

CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California**, Davis (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
