# HARIRAMAKRRISHNAN RAMACHANDRAN

+353 89 970 6156 • hariramakrrish@gmail.com • Dublin, Ireland • **Stamp 1G — Full-Time Work Eligible**

## PROFESSIONAL EXPERIENCE — 3.5 YEARS

**Software Engineer — HCL Technologies, Chennai, India** Sep 2021 – Jan 2025

- Contributed to the **development of Generative Engine Optimization (GEO) strategies**, focusing on enhancing content visibility within AI-powered search results for the French market.
- Owned the **end-to-end SEO workflow** for assigned website sections, encompassing keyword research, competitor analysis, content brief creation, and performance tracking.
- Optimized and localized **blog articles, product pages, and landing pages** for international audiences, with a primary focus on ensuring cultural and linguistic relevance for French users.
- Collaborated with global SEO/GEO team members to support and execute **content optimization efforts** across multiple digital assets.
- Tracked, analyzed, and reported on website performance using **Google Analytics and Google Search Console**, identifying trends and actionable insights for organic growth.
- Managed the **EMEA SEO/GEO content calendar** for blog publications, coordinating with cross-functional teams to ensure timely delivery and adherence to best practices.
- Containerized and deployed web applications using **Docker**, managing configurations and basic resource allocation within a cloud environment.

## SKILLS
