PROFESSIONAL EXPERIENCE — 3.5 YEARS

Software Engineer — HCL Technologies, Chennai, India Sep 2021 – Jan 2025

- Reviewed and validated **Salesforce opportunities**, ensuring completeness and accuracy of pricing, product alignment, and contract terms prior to downstream processing into **NetSuite**.
- Created and monitored **indirect sales orders** via **AWS Marketplace**, collaborating with AWS Support to resolve offer discrepancies and ensure accurate customer provisioning.
- Served as a quality checkpoint for order processing, identifying and troubleshooting **data discrepancies** to minimize rework and downstream billing errors for approximately **150 deals** per quarter.
- Partnered with Sales, Customer Success, and Deal Management to ensure all required **deal documentation** (order forms, amendments, contracts) was complete and accurate before order processing, acting as a point of escalation for inconsistencies.
- Supported testing and validation of **Salesforce CPQ** and **Salesforce-to-NetSuite integration** changes, flagging potential issues that could impact order accuracy or revenue processing.
- Applied a working understanding of **ASC 606 principles** during deal review and contract term validation to flag potential revenue recognition considerations for SaaS/subscription contracts.
- Contributed to the continuous improvement of order-to-cash tools and workflows by documenting and recommending process enhancements based on analysis of order accuracy and cycle times.

SKILLS

Order Management – Order Review, Opportunity Review, ARR Validation, Indirect Sales Orders, AWS Marketplace, Provisioning, Deal Documentation, Quality Checkpoint, Data Discrepancies

Systems & Administration – Salesforce, Salesforce CPQ, NetSuite, CRM-to-ERP Integration, Systems Testing, UAT, Process Improvement, Workflow Optimization

Finance & Compliance – Order to Cash, Revenue Operations, ASC 606, Revenue Recognition, Contract Terms, Pricing, Audit-Ready Documentation, Internal Controls

Cross-Functional Partnership – Sales Operations, Deal Desk, Customer Success, Finance, Accounting, IT/Systems Teams, Stakeholder Management, Training, Reporting

Analytical Tools – Excel, Tableau, Reporting Tools

PROJECTS

Order Processing & Validation Workflow Enhancement

- Developed a Python script to automate the initial validation of key fields in Salesforce opportunity data, reducing manual review time by approximately **20%** for deals entering the order-to-cash cycle.
- Created a set of standardized checklists and templates for deal documentation review, improving consistency and ensuring all required approvals and contract terms were captured for over **500 deals** annually.
- Collaborated with internal systems team to propose enhancements for Salesforce CPQ configurations, focusing on improving product bundle accuracy and streamlining approval workflows.

AWS Marketplace Order Monitoring & Reconciliation

- Built a monitoring dashboard using Python and basic SQL queries against simulated order data to track the status of indirect sales orders processed via AWS Marketplace.
- Identified and documented common error patterns in AWS Marketplace order submissions, contributing to the creation of a knowledge base for troubleshooting and reducing resolution time by an estimated **15%**.
- Assisted in reconciling order data between AWS Marketplace and internal systems, ensuring accurate account provisioning and alignment with contract terms.

EDUCATION

M.Sc. Data Analytics — National College of Ireland, Dublin Feb 2026

B.E. Computer Science — SNS College of Technology, Coimbatore, India 2021

CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California**, Davis (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
