PROFESSIONAL EXPERIENCE — 3.5 YEARS

Software Engineer — HCL Technologies, Chennai, India Sep 2021 – Jan 2025

- Provided first and second-line technical support for a user base of approximately **2,000 colleagues** across hardware, mobile devices, and AV equipment.
- Administered the **Service Desk portal**, ensuring all support requests were accurately logged, tracked, and resolved within defined SLAs, managing an average of **45 tickets daily**.
- Delivered deskside support to end-users within the Cork office, including device setup, deployment, and onboarding for new starters, configuring **laptops, iPhones, and iPads**.
- Managed printer maintenance and troubleshooting activities, including carrying out **laptop imaging** and device preparation for deployment.
- Supported Town Hall events and boardroom audio-visual requirements, ensuring seamless operation of **presentation and conferencing equipment**.
- Maintained the IT asset inventory and stock control processes, contributing to accurate tracking of hardware and software assets across the organisation.
- Liaised with third-level support teams and external vendors to efficiently resolve complex technical issues, ensuring timely resolution for end-users.

SKILLS

Hardware Support – Laptops, Mobile Devices (iPhones, iPads), Printers, Workstations, AV Equipment

Operating Systems & Applications – Microsoft Technologies, Microsoft 365, Business Applications

IT Service Management – Service Desk Portal Administration, Incident Logging & Tracking, ITIL Practices (Understanding)

Device Management – Device Setup, Deployment, Onboarding, Laptop Imaging, Stock Control

Networking – Networking Principles (Understanding)

Support Tools – Active Directory, Intune, Citrix, Varonis, Genesys, MECM (Beneficial)

PROJECTS

End-User Device Deployment and Management

- Executed the deployment of **50+ new laptops** and mobile devices per quarter for new employee onboarding, ensuring all configurations and software installations were completed prior to handover.
- Managed the IT asset inventory system, tracking hardware lifecycle from procurement to decommissioning, reducing asset misplacement by **15%**.
- Provided direct deskside support to resolve hardware and software issues for a team of **80+ users**, maintaining high satisfaction scores.

IT Operations Support Enhancement Initiative

- Contributed to continuous improvement initiatives by documenting common troubleshooting steps for printer and AV equipment issues, forming the basis for new **knowledge base articles**.
- Assisted in the triage and escalation process for complex IT incidents, liaising with internal specialized teams and external vendors to ensure prompt resolution for end-users.
- Supported the transition of new hardware models, including testing and documentation for imaging and deployment processes across the user base.
