PROFESSIONAL EXPERIENCE — 3.5 YEARS

Software Engineer — HCL Technologies, Chennai, India Sep 2021 – Jan 2025

- Managed monthly client billing cycles for assigned data centre and semiconductor projects, ensuring accuracy against commercial agreements and validating **~95%** of timesheets weekly.
- Monitored **Purchase Order values**, spend profiles, and burn rates across multiple projects, identifying and escalating potential variances that contributed to a **15%** reduction in unbudgeted overspend.
- Developed and maintained **financial dashboards** using advanced Excel functions, tracking billed values, PO utilisation, and forecasted cost-to-complete for operational planning.
- Supported the preparation of **forward-looking financial forecasts** and analysed planned versus actual spend, highlighting discrepancies to aid proactive resolution and decision-making.
- Coordinated with Site Managers, Finance, and Technical teams to ensure timely invoicing and resolution of billing queries, maintaining structured financial records for audit readiness.
- Played an active role in preparing **tender submissions** and commercial proposals, supporting the review of Scopes of Work and contributing to pricing strategies.
- Containerised internal reporting tools with **Docker** and managed their deployment on **AWS EC2** instances, improving deployment consistency and reducing setup time by **30%**.

SKILLS

Financial Management – Monthly Billing, Financial Tracking, Cost Control, Invoicing, Forecasting, PO Management, Spend Analysis, Cost-to-Complete

Project Coordination – Tender Submissions, Commercial Proposals, Scope Review, Pricing Strategies, Documentation Control, Stakeholder Management, Team Collaboration

Data Analysis & Reporting – Microsoft Excel (Advanced), Financial Dashboards, Data Validation, Variance Analysis, Reporting Templates, Audit-Ready Data

Cloud & DevOps – AWS (EC2), Docker, CI/CD

Core Business Skills – Attention to Detail, Organisational Skills, Communication Skills, Teamwork, Problem-Solving, Continuous Improvement

PROJECTS

Project Financial Tracking & Reporting Tool

- Developed a comprehensive Excel-based tool for tracking project financials, integrating data from timesheets and POs to provide real-time visibility on spend and forecast.
- Automated the generation of monthly financial reports, including billed values and cost-to-complete analysis, reducing manual reporting effort by approximately **40%**.
- Incorporated data validation checks and conditional formatting to highlight potential budget variances, improving accuracy and enabling proactive risk identification.

Tender Submission Support System

- Built a structured system in Python to manage tender documentation and pricing inputs, ensuring consistency and quality across multiple proposal submissions.
- Developed scripts to parse Scopes of Work, extract key cost drivers, and populate pricing workbooks, decreasing the time spent on initial bid preparation by **25%**.
- Implemented a version control mechanism for tender documents, ensuring all stakeholders worked with the latest approved versions and facilitating audit trails.

EDUCATION

M.Sc. Data Analytics — National College of Ireland, Dublin Feb 2026

B.E. Computer Science — SNS College of Technology, Coimbatore, India 2021

CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California**, Davis (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
