PROFESSIONAL EXPERIENCE — 3.5 YEARS

Software Engineer — HCL Technologies, Chennai, India Sep 2021 – Jan 2025

- Resolved complex user requests by applying critical thinking and providing detailed technical context, ensuring swift resolution of issues across a **Mac-dominant environment**.
- Supported user requests and performed remote installations, assisting users with access problems ranging from **password resets** to network access failures.
- Managed and supported **messaging and calendaring services**, alongside content collaboration platforms, ensuring seamless communication for enterprise users.
- Provided **technical coaching** to junior technicians on ticket processes and workflow deficiencies, improving team efficiency and knowledge sharing.
- Analyzed team metrics, including backlog and aging trends, to identify areas for improvement and proactively address service delivery gaps.
- Demonstrated **learning agility** by actively seeking out solutions to technical challenges and staying abreast of emerging technologies in user support.
- Managed client-side **network connectivity issues**, including digital authentication, remote access, secure Wi-Fi, and wired connectivity to the internal network.

SKILLS

Operating Systems – MacOS, Windows, iOS, Android

Collaboration Tools – Slack, Microsoft Teams, Google Workspace, Zoom, WebEx

Directory Services – Active Directory, Microsoft Exchange, Google Admin

Support Platforms – ServiceNow, Zendesk, Jira

Networking – Client-side network connectivity, Digital authentication, Remote access, Secure Wi-Fi, Wired connectivity

Mobile Devices – iOS support, Android support

PROJECTS

Enterprise Desktop Support Enhancement Initiative

- Streamlined the troubleshooting process for **Mac OS command-line issues**, reducing average resolution time for complex application failures by 15%.
- Developed a knowledge base of common **Windows registry conflicts** and system crash scenarios, enabling faster diagnosis for the support team.
- Assisted in the rollout and support of **new collaboration tools** across a 500-person department, including initial setup and user training.

User Access and Authentication Management System

- Implemented an automated **password reset workflow** for enterprise users, decreasing support ticket volume for this issue by 40%.
- Configured and managed **Microsoft Exchange groups and permissions** to ensure secure and efficient access to shared resources.
- Provided direct support for remote users facing **network access failures**, resolving connectivity issues across various remote access solutions.

EDUCATION

M.Sc. Data Analytics — National College of Ireland, Dublin Feb 2026

B.E. Computer Science — SNS College of Technology, Coimbatore, India 2021

CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California**, Davis (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
