PROFESSIONAL EXPERIENCE — 3.5 YEARS

Software Engineer — HCL Technologies, Chennai, India Sep 2021 – Jan 2025

- Provided **first- and second-line user support** across a diverse endpoint and server landscape, resolving an average of **15 tickets per day** within established SLAs.
- Administered **Windows Server** environments and managed user accounts and access controls via **Microsoft Entra ID** and **Active Directory**, ensuring secure and compliant operations.
- Configured and maintained core network services including **DNS** and **DHCP**, troubleshooting connectivity issues for end-users and production systems.
- Coordinated with **Group IT** and specialist partners to ensure the reliability, security, and compliance of local IT services at a **manufacturing site**.
- Supported **Operational Technology (OT)** infrastructure, performing first-line troubleshooting and escalating complex issues to engineering teams.
- Contributed actively to process improvement initiatives, suggesting and implementing enhancements to **support services** and operational efficiency.
- Managed user access and configurations within **Microsoft 365**, including email, collaboration tools, and device management policies.

SKILLS

Operating Systems – Windows Server, Linux

Directory Services – Active Directory, Microsoft Entra ID

Networking – DNS, DHCP, Core Network Concepts

Microsoft Ecosystem – Microsoft 365

IT Support Tools – ServiceNow, Jira, Confluence

Virtualization – VMware

Infrastructure – Aruba Networking

PROJECTS

Site IT Infrastructure Support Enhancement (HCL Technologies)

- Streamlined **endpoint management** processes by implementing standardized imaging and deployment procedures, reducing new machine setup time by **30%**.
- Automated routine system checks and reporting for **Windows Server** health using Python scripts, decreasing manual oversight requirements by approximately **4 hours per week**.
- Supported cross-functional teams in deploying and managing IT infrastructure for an enterprise client's operational platform.

Manufacturing Site IT Operations Rollout (HCL Technologies)

- Assisted in the coordination of network infrastructure upgrades, including the configuration of **Aruba Networking** switches and access points across multiple facility zones.
- Provided hands-on support for end-users during the rollout of new hardware and software, resolving over **50 support tickets** during the initial deployment phase.
- Maintained detailed documentation for IT assets and configurations, ensuring compliance with operational standards.

EDUCATION

M.Sc. Data Analytics — National College of Ireland, Dublin Feb 2026

B.E. Computer Science — SNS College of Technology, Coimbatore, India 2021

CERTIFICATIONS

- IELTS Academic: Overall Band Score **7 out of 9**, issued by IELTS Official, Test Date: 28/AUG/2023
- **Full Stack: Java Spring Boot** and Angular (Great Learning)
- Certificate of Completion in Web Development from **University of California**, Davis (Coursera)
- Certificate of Completion in Python programming from **University of Michigan** (Coursera)
